PROTECT OUR CHILDREN PROJECT SUMMARY

Every few years the Soroptimist International of Mariposa looks for a Major Service Project that we feel will serve the County of Mariposa well. Being a rural community with high tourist traffic we are concerned about traffic safety in our community, particularly in areas around our schools. The Soroptimist International of Mariposa requests that the Honorable Mariposa County Board of Supervisors join with us to promote traffic safety by helping us with the installation of signs promoting the safe use of our County roadways.

A Soroptimist member met with County Public Works and Planning Department employees and received encouragement from them for this project. Upon viewing the proposed sign Public Works Department Staff determined that the sign met highway standards and was of good quality. PWD staff estimates that costs for the installation of these signs would be approximately \$150 per pair (this amount includes in-kind labor costs of approximately \$75 per pair). We have identified 14 County locations that we feel would be appropriate for the installation of approximately 16 signs (please see attached map). Some locations are on County easements while others are on State highway easements. County staff has generously offered, upon Board approval, to assist us in obtaining State Highway permits and in meeting any special town planning requirements for signs. We have also received support from the Mariposa County Superintendent of Schools for this worthy project (please see attached letter of support).

We respectfully request that the Honorable Members of the Mariposa County Board of Supervisors vote to set aside \$1,000 for this joint project realizing that this project could take up to two years to complete.

Honorable Board of Supervisors
County of Mariposa
P. O. Box 784
Mariposa, CA 95338

Honorable Board Members:

This letter is to serve as a statement of support for an upcoming project of the local Soroptimist Club. It is their intent to place traffic safety signs throughout the community and especially near local school sites. The focus of this activity is to promote safety and prevent hazardous driving which creates accidents near school sites.

We at the School District wholeheartedly support this endeavor and extend to the Soroptimist Club our best wishes in accomplishing their goal. I encourage the Board of Supervisors to support this project as well.

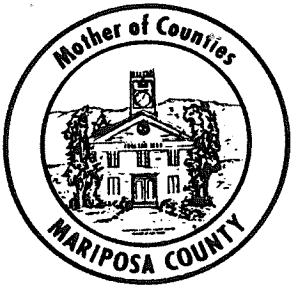

Thank you in advance for your consideration.

Sincerely,

MEMORANDUM

TO: Board of Supervisors
FROM:  Tony Lashbrook
SUBJECT: Soroptimist Proposal for Traffic Safety Signs

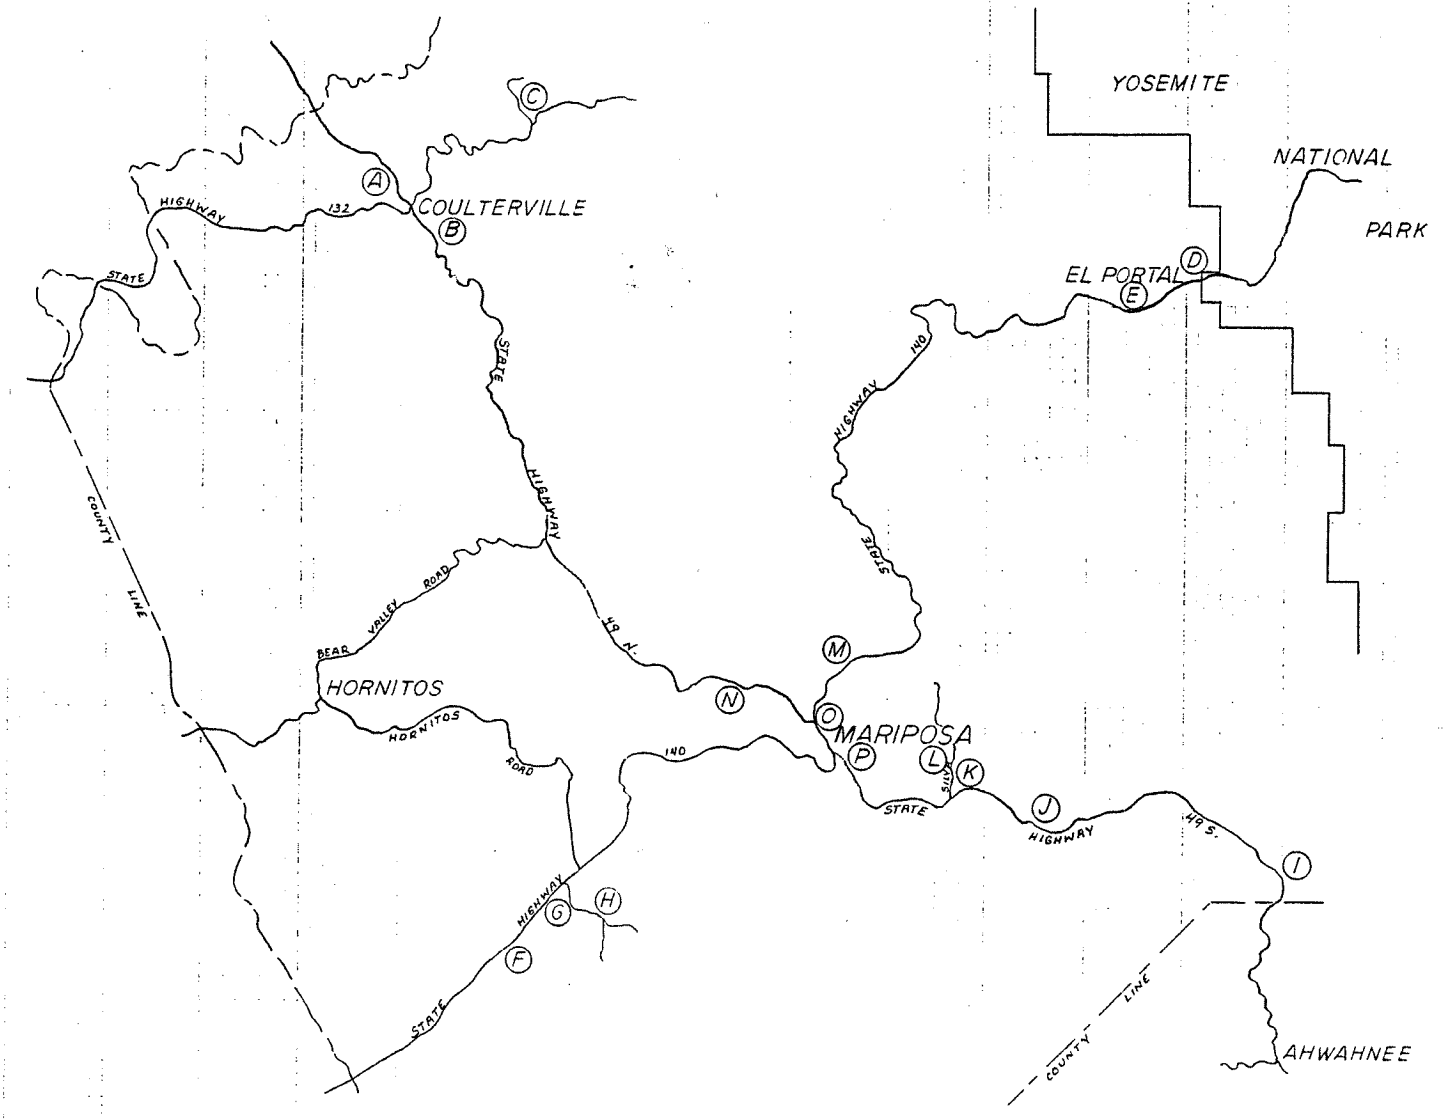

The Soroptimist have consulted with this Department relative to the installation of traffic safety signs within County Road and State Highway rights-of-way. As long as these signs are approved by Caltrans and Public Works for traffic control purposes, they can be allowed in accordance with the County's various zoning standards. We have discussed with the Soroptimist the special design standards for signs located within our historic districts and they have indicated a willingness to comply.

Based upon affirmative Board action, this office will work with the Soroptimist to ensure that all applicable County standards are complied with.
