Director

RECOMMENDED ACTION AND JUSTIFICATION: (Policy Item: Yes___ No_x)

Resolution adopting the Plans and Specifications for the construction of Indian Peak Bridge, Project No. PW 90-08, and approve the formal advertising and set the bid opening for Friday, July 23, 1993, at 2:00 p.m.

This action is the next step towards implementing this project which will replace a deteriorating timber bridge over the Middle Fork of the Chowchilla River on Indian Peak Road near the intersection with Usona Road

BACKGROUND AND HISTORY OF BOARD ACTIONS:

This project was first reviewed by Caltrans on January 16, 1986. The 80% federal funding was approved on May 27, 1986 by Caltrans and June 17, 1986 by the Board of Supervisors.

A design contract with an engineering firm was approved by the Board on September 19, 1989. The design has since gone through various modifications.

The project was included in the County's first Capital Improvement Program in the FY 92/93 budget. The Board again affirmed the project as part of the summer 1993 Road Program on April 6, 1993.

LIST ALTERNATIVES AND CONSEQUENCES OF NEGATIVE ACTION:

- 1. Do not adopt this Resolution. The project would not go out to bid and Caltrans would likely de-obligate the funding and obligate it to another local agency. Staff would have to pursue another project to renovate the existing bridge at a much greater expenditure of local funds.

COSTS: (x) Not Applicable
A. Budgeted current FY \$
