ACQUIRING SURPLUS PROPERTY

A. Authorized Representatives

The following definitions apply to the designations used by this Agency to identify representatives authorized to select, receive and sign for surplus property for eligible schools, educational radio and television stations, public libraries, and health institutions, hereafter referred to as "donees":

1. "Block 1" or "Number 1" representatives must be authorized by resolutions submitted by the governing boards (App. C), or by the Chief Administrative Officers of donees which do not have governing boards (App. D), to select and take delivery of surplus property and to sign the certification in the lower right-hand corner of our Agency issue documents, binding the donee to the terms and conditions governing the transfer of such property. Such representatives must be full-time, paid employees or board members of the donee.
2. "Block 2" or "Number 2" representatives must be designated in writing by an authorized "1" representative to select and take delivery of property and to sign the lower left-hand corner of our Agency issue documents indicating receipt of property. Confirming signature of an authorized "1" representative to the certification in the lower right-hand corner of the issue document must also be obtained before the transaction can be completed.
3. "Block 3" or "Number 3" representatives may inspect and select property but cannot take delivery. Selected property is set aside and is not released for delivery until confirming signature of an authorized "1" representative to the certification in the lower right-hand corner of the Agency issue document can be obtained. Any employee, official, board member, or other agent of the donee may be considered a "3" representative without being specifically designated on our records by name.
4. Temporary authorizations may be made by a donee for a "2" or "3" representative to select and/or take delivery of property on a specific date or for a limited length of time in lieu of or in addition to the permanent authorizations defined above. Such temporary representatives must be designated in writing by an authorized "1" representative and the specific date(s) covered by the authorization must be stated. This written authorization must be presented at a Divisional warehouse by the representative designated on the date or during the time specified.
