

BOARD OF SUPERVISORS - COUNTY OF MARIPOSA

RESOLUTION NO. 76-129

WHEREAS, The Civil Service Commission, San Francisco Region, is dissatisfied with the termination of Yosemite National Park's 11 month appointments, and

WHEREAS, the termination of these 11 month appointments would create a great economic impact on the County of Mariposa, and

WHEREAS, Mariposa County already has an unemployment rate in excess of twelve percent, and

WHEREAS, this would cause the National Park Service to terminate approximately 70 employees, many of whom are American Indians and Mariposa County residents, and

WHEREAS, many of these employees have years of experience working for the Park Service in Yosemite National Park and own their own homes in El Portal, the Merced River Canyon area and other parts of Mariposa County, and

WHEREAS, Yosemite National Park is in a remote area, has very limited housing for their employees and would therefore be unable to house new employees, and

WHEREAS, the Civil Service Commission HAS NOT and WILL NOT OPEN THE FULL CIVIL SERVICE REGISTER to allow valuable long time employees of Mariposa County, the opportunity to register, and

WHEREAS, this will have an impact in all counties throughout the Nation with Federal Government Agencies within their areas.

NOW, THEREFORE, BE IT RESOLVED that the Mariposa County Board of Supervisors does urge the civil service commission to open their registers to the receipt of applications from these employees who are valuable to the National Park Service and are residents of Mariposa County, prior to implementing any new regulations.
