Introduction

Background

In 2002 California State Law was amended to allow voters the option to register as permanent vote-by-mail. Since then, the number of vote-by-mail voters has steadily increased in Mariposa County. Currently, approximately 70% of voters in Mariposa County are vote-by-mail voters. Although Mariposa County has generally demonstrated above average voter turnout, utilizing this method regularly surpasses that of the turnout at polling sites on Election Day

A dramatic change came to election law in California in 2016 with the passing of SB 450, therefore adopting the Voters Choice Act (VCA). This allowed California Counties the option to conduct any election all by mailed ballot, with the use of Voter Centers, commencing January 1, 2020. On June 2, 2019 the Mariposa County Board of Supervisors approved the implementation of the VCA in Mariposa County.

Overview

With the adoption of the VCA, the Mariposa County Elections Department is required to prepare an Election Administration Plan (EAP). With it, the idea is to expand the County's voter education program to inform Mariposa residents about the VCA and also to gain community feedback and input as it develops. The first Election utilizing this new model is the March 2020 Presidential Primary Election. This Election Administration Plan provides information on how the County will implement the Voter's Choice Act. There are many actions included in this plan that are future-looking and are included as framework for what is expected to be accomplished.

Following the adoption of the VCA in June of 2019, the Mariposa County Registrar of Voters (ROV) established a joint Voting Accessibility Advisory Committee (VAAC) and Language Accessibility Advisory Committee (LAAC). This committee was established to provide feedback and guidance to the Elections Department and will continue to be a fundamental component of election administration in Mariposa County.

In short, this new model of conducting elections in Mariposa County affords voters more flexibility with regard to casting their ballots. All registered voters will be mailed a ballot 29 days prior to the election. They may then choose to return their voted ballot by mail, using the included postage paid return envelope. Alternatively, they may also choose to appear at one of the Voter Centers in the County. At the time of developing this Election Administration Plan, the County expects to establish four Vote Centers (2 ten day vote centers and 2 four day vote

centers). In addition, there will be an expected 3 ballot drop box sites that that will be available 28 day prior to the elections, where voters can return their ballot.

Vote Centers will operate similarly to polling places, allowing voters to cast their ballots in person, whether on paper or by utilizing an accessible ballot marking device. Voters can also cast their ballots or request and receive replacement ballots at any Vote Center countywide, and may also register or update their registration. Voters who have not registered prior to the close of registration (14 days prior to the election), will be able to Conditionally Register to Voter (CVR) at any Vote Center and cast a provisional ballot through Election Day.

Additional Considerations

2-E Estimated Costs and Savings Under This Plan

§4005(a)(10)(I)(v), §4005(g)(2)

The first implementation of the Voter's Choice Act is expected to result in cost savings in areas related to ballot printing and vote center staffing. Initial increased costs may occur with the purchase of new and/or additional equipment necessary to comply with the VCA. Following each election conducted under the Voter's Choice Act, beginning with the March 2020 Presidential Primary Election, an election cost comparison report will be prepared and posted on the Mariposa County website in an accessible format.

Estimated short-term costs include purchasing ballot on demand printers for all vote centers that will enable staff to print all ballot types within the county for that election. Included in short-term costs are the purchasing of laptop computers for vote center staff to have the ability to process voters directly in the election management system. Additional short-term costs include, but are not limited to, secure internet connections at all vote centers, extensive training for staff, purchasing of ballot drop boxes, and facility rentals.

Additional money allocated for voter outreach and education will contribute to on-going costs, as Mariposa County Elections plans to continue educating voters on voting processes and services available for the disability and language minority communities.

Estimated Voter Education and Outreach costs for 2020 Primary and General Elections compared to 2018 General Election.

Outreach Expense	2018 General	2020 Primary	2020 General
Advertising/Notices	\$2800	\$3500	\$3500
In Office Materials	\$140	\$250	\$250
Outreach Postcards	No Allocation	\$2000	\$2000
Social Media	No Allocation	No Allocation	No Allocation
Outreach Events	No Allocation	\$500	\$500
Translation Services	No Allocation	\$2500	\$2500

Mariposa County is fortunate enough to have a local newspaper that does a large portion of voter outreach in article form and therefore includes little to no cost to the County. Additionally, the Elections Department generally delivers outreach presentations at the pre-existing meetings of social, political, faith based groups and others, which also generates no cost outreach events. Anticipated long-term savings include decreased costs for equipment, including the purchasing of new equipment and equipment maintenance, ballot printing, and labor.

2-F After Election Activities

Address Significant Disparities in Voter Accessibility and Participation, as Required by Subdivision (g)

§4005(a)(10)(l)(iii)

Following each election conducted under the Voter's Choice Act, Mariposa County Elections Department will review comments received from voters and will solicit input from community partners on data collected in compliance with

Section 4005(g). Reasonable efforts will be made to address significant disparities identified on an item by item basis.

Assistance to the SOS with Report to the Legislature

§4005(g)(1)(A)

Provide Election Statistics to

Statistical information will be provided to the Secretary of State, including the information listed in Section 4005(g).
