MARIPOSA COUNTY BOARD OF SUPERVISORS

CONFORMED AGENDA

JULY 7, 1998

Time Description
9:03 a.m. Meeting Called to Order
Pledge of Allegiance

Public Presentation: For Non-Timed Agenda Items and for Items Not on the Agenda
- Supervisor Pickard advised that AB 473 (Gas Tax Bill) received the necessary
  Senate votes and will now be going to the Senate Appropriations Committee in late
  July or early August.

Approval of Minutes of 6/16/98 and 6/23/98 Regular Meetings
BOARD ACTION: Approved.

Approval of Consent Agenda (See End of Minutes)
BOARD ACTION: Supervisor Parker pulled item 1. Supervisor Balmain pulled item 2
for discussion. (M)Pickard, (S)Parker, balance of items were approved/Ayes:
Unanimous. Supervisor Balmain suggested that the plaque for the new Government
Center be done in slate by a local person instead of using the bronze selected by the
contractor. Following further discussion, (M)Balmain, (S)Pickard, Res. 98-257 adopted
authorizing staff to issue a change order authorizing the plaque for the County
Government Center to be done in slate instead of bronze/Ayes: Unanimous.

Discussion was held relative to the wording of the plaque for the County Government
Center and the need to recognize Supervisor Taber for her involvement. Supervisor
Parker advised that some consideration is being given to doing something to recognize
Supervisor Taber’s efforts but that nothing is firm yet.

Consent Agenda item 1 – Following discussion with Supervisor Balmain, item 1 was
continued to next week for clarification of the by-laws.

Audrey Noel, Mariposa Golden Oaks Lions;
Request Approval to Restore and Repair the Old Jail Building to Make it Accessible for
Tours to be Provided
BOARD ACTION: Discussion was held with Audrey Noel, Mariposa Golden Oaks
Lions, relative to the Lions request to restore and repair the old jail building to provide
tours to the public. Audrey advised that the Lions’ intent is to clean up the old jail
building by accomplishing the following: washing it, cleaning around the outside,
replacing the old electrical wiring though keeping it in the same location, and replacing a
broken step to make the building safe for public tours. She further stated that the Lions
would provide free docent guided tours to the public. (M)Parker, to coordinate with the
Public Works Department. Following further discussion, (S)Pickard, will request of
maker that fee be waived. Discussion was held with Steve Hayes, Visitors Bureau
Director, to take care of the fee amount because this is a tourism issue and to involve
Public Works. Res. 98-268 adopted approving request of Golden Oaks Lions to get the
old jail building in adequate condition, waive the fee which will be covered by the
Visitors Bureau, and have Public Works and Planning work with the Lions. Audrey Noel
further advised that they would like to sell minimal souvenirs to go back into a revolving
fund for service of the Golden Oaks Lions. County Counsel advised that the Lions will
need to come back to the Board with an agreement, following their discussion with Public
Works/Ayes: Unanimous.
Becky Crafts/Supervising Appraiser, appeared on behalf of Gary Estep, Assessor/Recorder;
Resolution Authorizing Change in Hours of Operation in Recording for Providing Vital or Official Record Copies from 8:00 a.m. – 5:00 p.m. to 8:00 a.m. – 4:30 p.m.
**BOARD ACTION:** Discussion was held with Becky Crafts, relative to the request. The Board expressed concerns with limiting hours to the public and advised that since this department is on a flex schedule the Assessor should be able to solve this problem and continue to accommodate the public until 5:00 p.m. (M)Pickard, (S)Balmain, to deny request/Ayes: Unanimous.

Steve Hayes, Visitors Bureau Director;
Resolution Authorizing the Chair to Sign the Agreement Extension with the Mariposa County Chamber of Commerce for Operation of the Visitor Information Centers
**BOARD ACTION:** Following discussion with Steve Hayes, Visitors Bureau Director and Jan Mennig, Chamber of Commerce, (M)Parker, to extend agreement for three months at an annual rate of $81,295. Following further discussion, (S)Balmain, Res. 98-256 adopted approving extension agreement with a change in the amount of $23,267.23, to be paid monthly for the months of July through September of 1998/Ayes: Unanimous.

10:00 a.m. Public portion of Public Hearing to Consider Possible Community Development Block Grant (CDBG) Projects for the 1998 Funding Cycle, was opened and recessed to follow action by the Mariposa County Public Finance Corporation.

10:01 a.m. Recess

10:17 a.m. **MARIPOSA COUNTY PUBLIC FINANCE CORPORATION**
Conduct Annual Meeting and Select Officers (Public Works)
**BOARD ACTION:** President Stewart opened meeting. Following discussion with Mike Edwards, Public Works Director, (M)Parker, (S)Balmain, to elect Supervisor Reilly as President of the Corporation with Supervisor Pickard as the Vice-President, with further direction to hold selection of officers concurrent with selection of Chair and Vice-Chair in January/Ayes: Unanimous.

10:20 a.m. Reconvene as Board of Supervisors

10:20 a.m. Ed Johnson, Planning and Building Director;
A) **PUBLIC HEARING to Consider Possible Community Development Block Grant (CDBG) Projects for the 1998 Funding Cycle**
**BOARD ACTION:** Ed Johnson presented staff report and responded to questions from the Board relative to possible projects and the timeline for the public to turn in applications. Public portion of the hearing was opened.
  - Ruth Breton advised that she previously applied for a housing rehabilitation grant and went through the process for seven months and was then told that there were no funds available. She further stated that she feels that a housing rehabilitation grant would be beneficial to the community.
  - Candy O’Donel-Browne stated that the domestic violence shelter is very small and should be looked at as a possible project.
Public portion of the hearing was closed.
Ed Johnson advised that the second hearing is scheduled for August 4, 1998. At that time he advised that he would have applications for the Board to review. Further discussion was held relative to potential projects within the County.
B) Resolution Authorizing Chair to Sign Personal Services Agreement Between the Building Department and Resource Conservation District, for a Term Extending from July 1, 1998 to June 30, 1999, and Compensation of $13,000 to Provide Grading Inspection Services

**BOARD ACTION:** Discussion was held with Ed Johnson relative to funding for the services that the Resource Conservation District provides in addition to the possibility of future grant funding. Jerry Progner, Resource Conservation District, advised that the Environmental Protection Agency (EPA) provided the original grant but added that there would be no opportunity for future grants from that agency. He further advised that he is seeking out other grant options. Following further discussion, (M)Pickard, (S)Stewart, Res. 98-269 adopted approving the Building Department to continue agreement with the Resource Conservation District at an amount of $13,000 until July 13, 1998 or final budget, to work out the $5,000 shortfall with approval to authorize the Chair to execute the agreement. Further discussion was held at which time Skip Skyrud, RCD, provided a copy of a letter dated 3/29/93, signed by then Chairman Eric Erickson to the State Water Resources Control Board. He hi-lighted a specific paragraph discussing the grant in question being established as a pilot program, which, if successful, would lead to a long term program funded through permit and inspection fees/Ayes: Reilly, Stewart, Pickard; Noes: Balmain, Parker.

**11:08 a.m.** Recess

**11:20 a.m.** LOCAL TRANSPORTATION COMMISSION (LTC)
Discussion of Yosemite Area Regional Transportation Strategy (YARTS)

**BOARD ACTION:** Ed Johnson introduced Jess Brown, Director of Merced County Association of Governments (MCAG) and Bonnie Nelson, YARTS Consultant. Chair Reilly introduced Henrietta DeGroot from the Department of Transportation. Bonnie Nelson provided a presentation giving an overview of the YARTS process and the next steps. Bonnie Nelson and Jess Brown responded to questions relative to development of parking on Highways 41, 120, and 140 as well as the concerns of a parking lot being placed within the Park. Other issues addressed were the cost for riders of the proposed transit system along with the cost of moving from an MOU to a JPA. Joan Gloor, Mariposa Lodge, advised that there is a need for alternate parking as well as interim parking. Barry Brouillette asked if there was any vision on the decision process for the parking. Chair Reilly requested additional discussion be brought back before the Board prior to the YARTS meeting scheduled for 8/3/98. Chair Reilly thanked Bonnie Nelson and Jess Brown for the presentation.

**12:23 p.m.** Lunch

**2:05 p.m.** Mike Edwards, Public Works Director;

A) **PUBLIC HEARING and Adopt Resolution Reaffirming the Current Fees Charged by County Service Area (CSA) and Special Districts for Water, Sewer, Standby Fees, Fire Protection and Road Maintenance Zones of Benefit**

**BOARD ACTION:** Mike Edwards reviewed the current fees charged for fire protection and roads in CSA zones of benefit; sewer and water in Coulterville Service Area; sewer in Don Pedro Sewer Zone 1; and sewer charges in Mariposa Pines Sewer District. He advised that the only changes are in the Midpines Fire Zone where parcels have changed and one significant reduction for the road zone on Leichtlin Lane. He explained that Leichtlin Lane is a small zone of four parcels of which the property owners have done most of the road maintenance, allowing their fund balance to build up substantially. Mike Edwards responded to questions from the Board. Further discussion was held relative to the concern of the Coulterville Special Districts fee being too high for the businesses in that area. Supervisor Balmain asked that this concern be brought to the Coulterville
Service Area Advisory Board at a later date. Public portion of hearing was opened. No public input. Public portion of hearing was closed. (M)Pickard, (S)Stewart, Res. 98-270 adopted/Ayes: Unanimous.

B) PUBLIC HEARING Regarding the “Report of Delinquent Fees” and Confirmation by Resolution the Addition of Delinquent Fees to the Appropriate Property Tax Roll for Collection of Water and Sewer Standby Fees and Water, Sewer and Road Fees in Several County Special Districts

BOARD ACTION: Public portion of hearing was opened. No public input was received. Public portion of hearing was closed. Mike Edwards advised that a fax was received from one person listed on delinquent account list stating that Yosemite West is billed annually and this person anticipated having a grace period of one year, as in past years. Mike Edwards explained that in past years the county was very relaxed and have in recent years taken a more aggressive approach to collecting fees. Marty Allan/PWD Fleet-Fiscal Manager, advised that the County has collected $65,000 in delinquent fees for last year. (M)Pickard, (S)Parker, Res. 98-271 adopted/Ayes: Unanimous.

C) PUBLIC HEARING and Adopt Resolution to Adjust Fees for Solid Waste Disposal Effective August 1, 1998

BOARD ACTION: Mike Edwards advised that no fee increase is necessary this year and recommended keeping the current fee in place. Discussion was held relative to the following issues: the recycling program, drop off problems due to the heavy rainfall from El Nino, and the possibility of changing the hours of the landfill. Public portion of hearing was opened. No public input. Public portion of hearing was closed. Following further discussion, Chair Reilly requested the Solid Waste Committee bring back a recommendation to the Board to include change of hours for the landfill and possibly the recycling center.

D) PUBLIC HEARING and Adopt Resolution to Reaffirm Fees Charged for Fiscal Year 1998/99 for Yosemite West Maintenance District for Sewer, Water, Roads and Standby

BOARD ACTION: Discussion was held with Mike Edwards relative to the request. Public portion of hearing was opened. No public input was received. Public portion of hearing was closed. (M)Pickard, (S)Stewart, Res. 98-272 adopted/Ayes: Unanimous.

Don Cripe, Agricultural Commissioner/Sealer;
Presentation of the 1997 Mariposa County Agricultural Crop Report

BOARD ACTION: Don Cripe provided the Board with an annual presentation informing them of the value of the agricultural production in the County and its contribution to the economy. Discussion was held relative to various crops, insects, and the effect that El Nino may have had on the 1998 crops. Chair Reilly thanked Mr. Cripe for his presentation.

2:57 p.m. Supervisor Parker was excused from the meeting.

Amend Resolution by Revising Mario Diaz’s Disability Retirement Effective Date to February 1, 1998 (County Counsel)

BOARD ACTION: Following discussion with Jeff Green, County Counsel, (M)Stewart, (S)Pickard, Res. 98-273 adopted/Ayes: Reilly, Balmain, Stewart, Pickard; Excused: Parker.

CLOSED SESSION Regarding Conference with County Labor Negotiator Relative to Sheriff’s Management Association (MSMA), Deputy Sheriff’s Association (DSA), Mariposa County Managerial/Confidential Organization (MCMCO) (County Counsel)
**BOARD ACTION:** Janet Hogan, County Administrative Officer, advised it would not be necessary to hold closed session.

Board Information and Announcements  
- Supervisor Balmain advised that he will be routing an article to Board members regarding Bower Cave and the theme park in Atwater.
- Supervisor Parker advised that the Lions Club’s Second Annual Car Show will be held this weekend and asked that Chair Reilly select the favorite car.

Deputy Clerk of the Board
CONFORMED AGENDA
July 13, 1998 (Continued meeting from July 7, 1998)

9:07 a.m. Board convened in continued session from July 7, 1998, for further discussion relative to the Proposed Budget for Fiscal Year 1998-99, and relative to the Planning/Building Department’s request to allocate a new Planner III position. Ken Hawkins/Auditor and Chris Ebie/Assistant Auditor, were present to respond to questions.

Discussion was held relative to the process for reviewing the Proposed Budget. Janet Hogan, County Administrative Officer, advised of request received from the Sheriff’s Department for replacement of the HVAC system in the old jail for the portion of the facility that houses computer equipment. Janet advised of information received from the Assessor relative to a projected increase in property tax revenue and stated she will bring back all revenue modifications for consideration during final budget hearings.

Discussion was held relative to the replacement of the HVAC system in the old jail. Mike Edwards, Public Works Director, responded to question from the Board relative to maintenance for the Sheriff’s Department facilities. (M)Parker, (S)Balmain, Res. 98-274 adopted appropriating $2,500 in the Sheriff’s budget for replacement of the HVAC unit at the old jail facility and reducing the Fiscal Year 1998-99 General Fund Contingency by $2,500, and authorizing purchase of said unit at this time/Ayes: Unanimous.

The following budgets were reviewed:

General Purpose Revenue: Janet Hogan advised that this budget will be modified during final budget hearings when more accurate revenue projections can be made.

Board of Supervisors: County Administrative Officer to further review the increase in the benefits line item.

Discussion was held relative to the status of the Vehicle License Fee revenue, and Janet Hogan advised that the Proposed Budget does not reflect any change by the State.

Administration: Board concurred with further reviewing insurance costs as a separate issue. Board concurred with further considering request for two personal computers and software. Discussion was held relative to increases in training and seminar line items in all budgets. Discussion was held relative to legislative lobbying services, and the majority of the Board members agreed with continuing to fund this line item.

10:07 a.m. Recess

10:27 a.m. Audits, General Fund Contingency, Assessment Appeals: No changes were made.

Auditor: Board concurred with further considering the request for the personal computer. Board concurred with holding the line items for training and seminar expenses in all budgets to the FY 1997-98 adopted budget level pending further review during final budget hearings. Janet Hogan advised that she will ask department heads to notify the Board if there is a request for increase in these lines items that is for a conference that is
scheduled to occur prior to final budget hearings. Supervisor Parker requested that the dollar amount of the requested increases be provided for further consideration.

**Treasurer/Tax Collector:** Discussion was held. County Administrative Officer to check on the Trust Fund balance and review the Fund and its uses with the Treasurer/Tax Collector.

**Assessor/Recorder:** County Administrative Officer to review the request for the funding for the historical document preservation and whether that funding could be used to offset other expenses in the budget.

**County Counsel:** No changes were made.

**Personnel:** Further review to occur during final budget hearings relative to the funding requested for the customer service training.

**County Clerk, Elections:** No changes were made.

**PWD/Facilities Maintenance:** Supervisor Balmain requested that consideration be given to increasing funding for the Coulterville Community Club facility maintenance – more detailed information to be provided. Mike Edwards, Public Works Director, provided input relative to request for funding for table replacement. Discussion was held relative to the line item for equipment under $1,000 and listing more specific detail. Discussion was held relative to the increase requested for maintenance of the buildings – Board concurred with approving the budgeted amount for FY 1997-98 in the amount of $61,816, with the balance to be further considered during final budget hearings.

**Visitors’ Bureau:** Discussion was held relative to the recommendation to change this budget from a special revenue fund to the General Fund. Board concurred with deleting the rent line item in the amount of $4,402, as the rent is included in the contract with the Chamber; and with deleting $3,881 from the Chamber contract line item. Board concurred with scheduling a separate workshop with the Visitors’ Bureau Director to review the details of the promotional budget. Supervisor Parker requested that the line item for the Arts Council be reviewed to determine if it includes funding that was approved as one-time funding in a previous budget.

**PWD/Surveyor-Engineer, Data Processing:** No changes were made.

**Interfund Transactions:** Discussion was held. Mike Edwards, Public Works Director, provided input relative to the shortfall in the Airport fuel system sales to meet the loan payment. Discussion was held with Mike Edwards relative to youth facilities and the skatepark facility, landscaping project for the detention facility, and the Mariposa stage improvement project. Discussion was held relative to tracking one-time funding items so that the funding does not become part of the baseline budget. More detailed information was requested for the detention facility landscaping project. Further consideration of the budget was continued to later this date.

12:20 p.m.     Lunch

1:41 p.m. **Planning and Building:** Discussion was held with Ed Johnson, Planning and Building Director. Janet Hogan advised of the bookkeeping change reflected in this budget to show all costs for the department, with specific costs to be billed against the various functions of the department. Discussion was held relative to the request to allocate a new Planner III position. Board concurred with not changing the budget at this
time, and with further reviewing the request for the additional position following review of the Planning Department’s work priorities on July 21, 1998.

2:32 p.m.  Recess

2:52 p.m.  Interfund Transactions: Continued discussion was held. (M)Parker, (S)Stewart, Res. 98-275 adopted increasing the General Fund balance estimate by $70,000 and funding $70,000 for the skatepark project; and authorization was given for said project to move forward prior to final budget hearings/Ayes: Reilly, Stewart, Parker; Noes: Balmain, Pickard.

Grand Jury: No changes were made.

Indigent Defense: Janet Hogan advised that recommendation for a contract for indigent defense work on behalf of the County will be brought to the Board on July 21st.

District Attorney – Family Support: Janet Hogan advised that the request for a new position with a new job classification is pending Personnel’s review. The position was continued for further review during final budget hearings.

District Attorney – Criminal: Janet Hogan advised that the child abuse vertical prosecution grant in the amount of $85,166 was not received and this budget will be adjusted accordingly during final budget hearings. Discussion was held relative to the request for additional positions.

District Attorney – Victim Witness Program: Janet Hogan advised that there will be an increase in the grant for this program.

Sheriff-Coroner: Further review to be given to the increase in vehicle usage expenses and whether that is related to the take-home policy.

PWD – Administration: Mike Edwards, Public Works Director, responded to questions relative to the upgrade in the cost accounting software. Discussion was held relative to adding an assistant public works director position and oversight of the transportation issues. Janet Hogan recommended that Public Works provide oversight for transit operations, including the VIA contract and transit services provided by Community Services Department; that Planning provide oversight for transit planning functions; and she advised that more detailed discussion could be held on July 21st relative to reorganization of Community Services. (M)Parker, (S)Balmain, Res. 98-276 adopted adding position of assistant public works director and authorizing the recruitment process to begin prior to adoption of the final budget. Motion was amended, agreeable with maker and second, to include funding for the computer equipment for said position in the amount of $2,500, with furniture to be dealt with at a later time, if necessary. Supervisor Parker requested that further consideration be given to designating the position as an “at-will” position. Ayes: Unanimous.

Sheriff – Boating Safety: No changes were made.

Sheriff – Jail: Discussion was held relative to medical and dental expenses for inmates and whether there are options for providing the service – Board concurred with reducing the line item to $100,000. Supervisor Reilly requested that more information be provided relative to the request for computers and software.

Probation – Juvenile Hall, Probation: No changes were made.
**Fire:** Board concurred with further reviewing the rents and leases of equipment line item at final budget hearings.

**Agricultural Commissioner/Sealer of Weights and Measures:** No changes were made.

**Planning & Building/Air Pollution, Local Agency Formation Commission (LAFCo):** No changes were made.

**PWD/Airport, Health, HSD/Mental Health, Human Services/Social Services, Human Services/Public Conservator:** No changes were made.

**Community Services/Veterans Services:** Janet Hogan advised that all of the Community Services budget units can be further reviewed during final budget hearings pending reorganization of the department.

**Library:** Supervisor Parker suggested that consideration be given to further reviewing the additional amount to go to the construction fund during final budget hearings.

**Farm Advisor:** Following discussion, (M)Balmain, (S)Stewart, Res. 98-277 adopted adding position of 4-H Coordinator and authorizing recruitment to begin prior to adoption of the final budget, with funding of $11,041 to be added for position for this fiscal year, extra help to be reduced to $3,397 and the General Fund Contingency adjusted accordingly/Ayes: Unanimous.

**PWD/Parks and Recreation:** Board concurred with funding the $595 for this division’s share of the upgrade of the accounting software for Public Works.

4:03 p.m. Recess

4:18 p.m. Janet Hogan advised of the status of the General Fund Contingency balance with the changes made thus far, and advised that review of the General Fund budgets has been completed.

Discussion was held relative to the following funds:
- Solid Waste – it was noted that with the changes in the fees that were recommended, there will be changes in this budget.
- PWD/Special Aviation – it was noted that this is grant funding that is tracked separately.
- Community Development Block Grant – it was noted that this fund is to track the grant funding.
- Water Agency – Janet Hogan noted that funds were double budgeted and a correction will be made in the final budget.
- Airport Slurry Seal – Janet Hogan advised that there is a $32.00 issue and request will be made at final budget hearings to close out this account.
- Capital Improvement Projects – County Administrative Officer to review the status of the fund balances. Supervisor Parker suggested that consideration be given to capturing the projected savings by purchasing the used fire equipment versus the purchase of five new engines, with the savings to be added to the fire truck replacement fund.
- Data Processing – Janet Hogan advised of correction in the projected carryover balance to reflect that the funds were actually expended in FY 1997-98.

- Library – It was noted that the grant for the additional $311,000 was not awarded to the County; however, the $296,000 grant funding is still available for the library construction project.

**Interfund Transfers:** Continued discussion was held on this budget. Further consideration of the Community Services budget issues to be given at final budget hearings. Discussion was held relative to showing the baseline contribution, with additional funding to be shown separately, for the Road Fund – County Administrative Officer suggested that this change be considered when the road work program is brought to the Board next year for approval.

(M)Parker, (S)Stewart, Res. 98-278 adopted approving the Proposed Budget as recommended, with the following changes:

- line items for training and seminar expenses are to be held at the FY 1997-98 adopted budget level for all departments, pending further review at final budget hearings;
- $6,920 was funded and purchase of two personal computers and software for Administration was approved prior to adoption of the final budget;
- $2,500 was funded and purchase of a personal computer for the Auditor was approved prior to adoption of the final budget;
- $595 was funded in PWD/Parks and Recreation for software;
- $33,409 was deleted in PWD/Facilities budget for maintenance of buildings;
- $4,402 was deleted in Visitors’ Bureau budget for rent;
- $3,881 was deleted in Visitors’ Bureau budget for Chamber of Commerce contract;
- $68,000 was deleted in Sheriff’s budget for medical and dental expenses; and
- $50,000 for insurance in Administration budget is to be further considered.

It was noted that the purchase of fixed assets and recruitment for new positions is not authorized pending adoption of the final budget unless specific action is taken prior to adoption of the final budget. Motion was amended, agreeable with maker and second, to include authorization for the Auditor and County Administrative Officer to make corrections to the dollar amounts as necessary to reflect actual estimated costs and to balance the budget/Ayes: Unanimous.

C) Resolution Approving New Extra-Help Class Specification for the Position of Veterans’ Services Officer at an Hourly Salary Rate Tied to Step One of the Social Worker III Salary Range

**BOARD ACTION:** (M)Parker, (S)Pickard, Res. 98-296 adopted approving revised class specification for the position of Community Services Director and appointing Mary E. Williams to this position effective August 3, 1998; and Res. 98-297 adopted approving the new extra help class specification for the position of Veterans’ Services Officer as recommended. Motion was amended, agreeable with maker and second, to include designation of the Public Works Department, Parks and Recreation Division to oversee the County cemeteries. Mike Edwards, Public Works Director, provided input. Ayes: Unanimous. Chair Reilly introduced Mary Williams.

Mike Edwards, Public Works Director;  
Discussion and Direction Regarding Possible Funding of a Revolving Loan Fund for County Service Area Zone of Benefit Financing

**BOARD ACTION:** Discussion was held and Mike Edwards clarified that a budget request has not been made for the funding; however, it could be considered during the final budget hearings. Board concurred with Supervisors Balmain and Parker working with Public Works Director and County Counsel to develop a specific proposal and bring it back to the Board.

Garry R. Parker, District IV Supervisor;  
Discussion and Adoption of Resolution Approving Memorandum of Agreement for Designation of Emergency Medical Service (EMS) Landing Site Located at the Catheys Valley Park (Ballfield)

**BOARD ACTION:** Discussion was held. Dr. Mosher, Health Officer, provided input. Supervisor Stewart stated he did not see a problem, with ballfield area being used for emergency landings, but he does not want to lose the ballfield to a permanent landing site. Direction was given for further review of the request and for additional information to be brought back.

**10:26 a.m.** Recess
10:40 a.m. Public Hearing to consider draft changes to Chapter 18.02 of County Code (Surface Mining and Reclamation) was opened and continued to after the following matter.

Bob Pickard, District V Supervisor;
Discussion and Possible Action Relative to the On-Going Road Maintenance Issues in the John Allen Flat Subdivision

BOARD ACTION: Supervisor Pickard advised that property owners in the area completed the maintenance on the emergency access road, and that Mrs. Moffitt agreed to the maintenance and to writing a letter to give permission to the property owners to do the maintenance on an on-going basis. He further advised that they are working to establish an informal maintenance agreement to include John Allen Flat, Woodview Lane, and the emergency access. Supervisor Parker requested that the property owners contact Mrs. Moffitt prior to performing any maintenance work on the emergency access road, and that it be clear that the County is not relieved of its responsibility to ensure that the emergency access road is maintained. Mike Edwards, Public Works Director, provided input.
(M)Pickard, (S)Stewart, the Board’s previous direction to Public Works to determine what maintenance needed to be done and for the County to proceed with maintenance on the emergency access road if the work was not done by the property owners and if a zone of benefit petition was not presented within a specified period of time, was rescinded; and direction was given for Mrs. Moffitt’s letter to be included in the record/Ayes: Reilly, Stewart, Pickard; Noes: Parker; Abstained: Balmain. Further discussion was held.

11:09 a.m. Supervisor Parker changed his “no” vote to an “aye” vote.

11:16 a.m. Recess

11:16 a.m. Ed Johnson, Planning and Building Director;
PUBLIC HEARING to Consider Draft Changes to Chapter 18.02 of County Code (Surface Mining and Reclamation)

BOARD ACTION: Ed Johnson and Jay Pawlek/Senior Planner, presented staff report and responded to questions from the Board relative to the permit and fee process, and whether there is any discretion on the part of the State or County. Public portion of the hearing was opened.

Input from the public was provided by the following:

Leroy Persons, a placer miner, asked what impact these changes would have on his operation. Jay Pawlek advised that this does not change who needs to comply from what was previously required. Mr. Persons stated several agencies have requirements and fees for mining operations. Supervisor Stewart stated he felt it would be helpful if Mr. Persons could prepare a list of the agencies and licenses and fees that are involved for the mining operations for further consideration by the Board.

Public portion of the hearing was closed and Board commenced with deliberations. Staff responded to question from the Board relative to flexibility with the minimum requirements to obtain an exemption. (M)Pickard, (S)Stewart, Board gave tentative approval of the changes and authorized submission to the State/Ayes: Reilly, Stewart, Parker, Pickard; Noes: Balmain.

11:40 a.m. LOCAL TRANSPORTATION COMMISSION (LTC)
Ed Johnson, Planning and Building Director;
Discussion of Yosemite Area Regional Transportation Strategy (YARTS) Progress

COMMISSION ACTION: Discussion was held relative to the creation of a joint powers authority and costs, the need to cooperate with the National Park Service, the need for the bus system to be user friendly, consideration of the effect the Highway 140 construction access schedule will have on this project, and relative to the gate entrance fees to Yosemite.
12:06 p.m. Jeffrey G. Green, County Counsel;  
CLOSED SESSION Regarding Conference with County Labor Negotiator Relative to Sheriff’s Management Association (MSMA), Deputy Sheriff’s Association (DSA), Mariposa County Managerial/Confidential Organization (MCMCO)  
BOARD ACTION: (M)Pickard, (S)Stewart, closed session to be held following lunch with Rick Bolanos/Labor Negotiator, to be present/Ayes: Unanimous.

12:07 p.m. Lunch

1:07 p.m. Closed session was held.

3:14 p.m. Board reconvened in open session with direction given to the Labor Negotiator as a result of closed session.

Ed Johnson, Planning and Building Director;  
A) Review and Provide Direction on Planning Department Work Program Priorities  
BOARD ACTION: Discussion was held.

Input from the public was provided by the following:

Gene Mickel stated he feels that, as business people, work needs to be prioritized, and he suggested that the list be categorized first. He stated it would be helpful if there was a way for real estate agents to know the zoning of specific parcels without having to call the Planning office.

Ken Mari questioned the need for increased staffing and stated he did not feel there was a problem with less staffing fifteen years ago. He stated he feels that government is growing and the County is not. He further stated that he feels that Public Works could take care of some things, such as all of the road issues.

Georgene Tarbox suggested prioritizing the items that will generate revenue, placing items that cost too much on a separate list for when funding is available, and placing items where the community is not ready on a separate list – that way the lists will reflect what Planning is working on and why the other items are being held in abeyance. She also suggested that more citizen input be encouraged at the planning phase for community issues.

Jerry Fischer complimented staff for their efforts on their (Yosemite Motels) projects, especially since the flood. He stated he feels some good things are happening with the department, especially when compared to other counties. He suggested looking at the list in terms of prioritizing from an economic standpoint, and perhaps obtaining EDC’s input in developing the economic strength of the County. He likes the concept of devoting 80% of the effort to 20% of the list.

Candy O’Donel-Browne asked about the status of computerization, creating a Web page, etc., and she suggested that grant funding be sought out to assist with computer updates. She stated she feels the County is at a serious crossroad – we have had two bad years and pending National Park Service issues (Highway 140 construction) will cause full-time employees to become part-time, and part-time employees to work only some summer hours. She commented that her past impression is that Highway 41 businesses suffered economically when Highway 140 was closed, and this will also affect Highway 120 revenues. She stated she feels the tax base needs to be broadened.

Gene Mickel suggested that persons wishing to file a complaint should fill out a form, and was advised that this is the current practice of the department. He further suggested that computer experts in the County be contacted to see if they could provide assistance with computer issues.

4:25 p.m. Recess
4:35 p.m. Further discussion was held. Supervisor Parker stated he feels it is important to finish the process with the zoning text amendments and put zoning in place for future development. No action was taken.

B) Request to Allocate a New Planner III Position (Continued from 7/13/98)

BOARD ACTION: Discussion was held relative to the request for the position and pending activities, along with the CalWORKs project. Candy O’Donel-Browne, Economic Development Corporation (ECD), provided input.

Input from the public was provided by the following:
Georgene Tarbox commented on news information she heard relative to the Federal Government releasing funding to the State for job creation.

Further discussion was held. Board concurred with directing the Planning Director to work with the EDC to bring back a proposal for EDC to do the CalWORKs plan with the funding received from the State, and with using the balance of the funding allocated in the Proposed Budget for FY 1998-99 to be used for temporary extra help in the Planning Office to work on other planning issues.

Resolution Authorizing County Counsel and the County Administrative Officer to Negotiate a Contract for Indigent Defense Services with Thomas Mills, David Smothers and Dale Blea with the Actual Contract to be Brought Back for Board of Supervisors Approval (Administration)

BOARD ACTION: Discussion was held relative to the recommendation and proposals submitted, and the term of an agreement. Motion by Pickard to authorize negotiations as recommended for a one-year agreement, died for lack of a second. Further discussion was held.

5:30 p.m. Recess

5:39 p.m. Board concurred with continuing discussion regarding the contract for indigent defense services to August 4, 1998.

Board Information and Announcements
- Supervisor Parker requested that the Highway 140 construction access schedule be be placed on the August 4th agenda for discussion.

CONFORMED AGENDA
AUGUST 4, 1998

Time Description
9:06 a.m. Meeting Called to Order
Pledge of Allegiance

Public Presentations: For Non-Timed Agenda Items and for Items Not on the Agenda
- Herman Spranz, Commission on Aging, thanked the Board and everyone for their support of senior programs in the community. He presented a plaque to Supervisor Balmain on behalf of the Commission for his work with senior issues.
- Jim DeLucia advised that Yosemite Bank has sponsored signs, and he has a petition drive underway to obtain signatures of persons who support retaining the Mining and Mineral Museum in Mariposa County.
- Mike Edwards, Public Works Director, advised that he has an off-agenda request relative to Yosemite West Maintenance District – matter was continued to after the following item.

Resolution and Tile Plaque Recognizing Jimmie Eutsler Upon His Retirement from the Mariposa County Community Services Department (Community Services)
BOARD ACTION: (M)Balmain, (S)Pickard, Res. 98-302 adopted and was presented, along with the Tile Plaque, to Jimmie Eutsler/Ayes: Unanimous.

Mike Edwards advised of an off-agenda request to ratify the emergency hire of contractors to do rehabilitation work on the Yosemite West Maintenance District wastewater treatment facility and for authorization to expend additional funds from the Water Agency Fund in advance of the final budget hearings to allow the rehabilitation work to progress and be completed before the winter weather. He further advised that he would bring back a full report in two weeks. He advised that the existing funding in the Capital Improvement Project budget for wastewater projects has nearly been expended, and they anticipate needing up to $300,000 as a loan to the District ($200,000 was requested in the budget). (M)Pickard, (S)Stewart, Board waived rules requiring 72 hours agenda noticing to consider this matter, finding it is a matter of urgency for the work to continue and be completed prior to the winter weather/Ayes: Unanimous. Discussion was held relative to the status of the Water Agency Fund, and Supervisor Parker requested that a status report be presented on the Water Agency budget. Discussion was held relative to the rehabilitation work. (M)Pickard, (S)Balmain, the following actions were taken relative to the Yosemite West Maintenance District wastewater treatment facility:
- 1) appropriate and authorize a loan up to $100,000 from the Water Agency Fund, with details to come back on August 18, 1998, and a progress report is to be presented on August 11, 1998 relative to the status of the rehabilitation and expenditures for the project;
- 2) Res. 98-303 adopted ratifying the hiring of force account contractors.
Further discussion was held. Ayes: Reilly, Balmain, Pickard; Noes: Stewart, Parker. Item 1 of the motion failed as it required a 4/5ths vote for the budget appropriation; and item 2 of the motion passed as it required a 3/5ths vote for the hiring of contractors. Further discussion was held. (M)Parker, (S)Balmain, Res. 98-304 adopted appropriating up to $100,000 from General Fund Contingency to continue with the progress of the project/Ayes: Reilly, Balmain, Parker, Pickard; Noes: Stewart.

Approval of Minutes of 7/14/98 and 7/21/98 Regular Meetings
BOARD ACTION: Approved.
Approval of Consent Agenda (See End of Minutes)

**BOARD ACTION:** (M)Parker, (S)Stewart, all items were approved/Ayes: Unanimous.

Janet Hogan, County Administrative Officer;
Resolution Authorizing County Counsel and the County Administrative Officer to Negotiate a Contract for Indigent Defense Services with Thomas Mills, David Smothers and Dale Blea with the Actual Contract to be Brought Back for Board of Supervisors Approval  (Continued from 7/21/98)

**BOARD ACTION:** Janet Hogan advised that a meeting was held and the Committee reaffirms its previous recommendation; and she requested authorization to negotiate for a one-year contract, with two additional one-year renewal options by the County. It was clarified that the negotiated contract would be for level 1, 2 and 3 conflict cases. (M)Pickard, (S)Balmain, Res. 98-308 adopted approving recommendations. Jim Moffett, Chief Probation Officer, provided input relative to the Committee’s recommendation and advised that it was unanimous. Judge LaRoche, Superior Court, provided input relative to this matter. Ayes: Reilly, Balmain, Stewart, Pickard; Abstained: Parker.

9:50 a.m.  Recess

10:05 a.m.  Garry R. Parker, District IV Supervisor and Bob Pickard, District V Supervisor; Information and Direction Relative to Request from the California State Mining and Mineral Museum Association

**BOARD ACTION:** Supervisors Parker and Pickard initiated discussion relative to the meeting with the Mining and Mineral Museum Association and their meetings in Sacramento to try to resolve the issues and to get a commitment from the State for the Museum to stay in the County. Input was provided by the following:

  Jim DeLucia asked if the petitions he is circulating to show support for retaining the Museum in Mariposa County will do any good, asked about the possibility of moving the building from the Fairgrounds to the Gloor site, asked if a full-time curator is necessary for the success of the Museum, and he asked who will pay for the proposed building at the Gloor site. Supervisor Pickard responded to his questions and urged him to continue with his petition drive – Supervisors Parker and Pickard could forward the petitions to the State.

  Further discussion was continued for the following hearing to be opened and continued.

10:28 a.m.  Public Hearing to solicit comments from the public regarding Community Development Block Grant project possibilities was opened and continued to after the following item.

Further discussion was held relative to the Mining and Mineral Museum issues.

  Ed Hardy stated he feels the County still has two more shots at retaining the Museum: 1) prove stability, financing and location and reach an agreement with the State, and 2) develop the best request for proposal. He also stated that he feels the County is facing major decisions with the closure of Highway 140 for road improvements, and this Museum could help with tourism in the County in the interim.

  Glenn Sutherland, President of the California State Mining and Mineral Museum, commented on the Association’s position – they are a statewide association and need to do what is best for the Museum, and they have agreed with the recommendation for the Gloor site. He further advised that they have tried to reach a State/County agreement and that has not been successful. They were recently informed that the State intends to close the Museum after the summer season and turn part of it into a traveling display and issue a request for proposal. He stated the Association is looking for information from the County.
Steve Fortner stated he supports the Museum staying in the County and that he is not sure that it is in the best location; and he suggested that if the proposal for the Gloor site is not successful, that his proposed transit center location be considered.

Ed Hardy further stated that he would like to see the Board have a County person assigned the responsibility of ensuring the Museum’s success.

Jim DeLucia advised of his conversation with Assemblyman George House relative to the Department of Conservation’s oversight of the Museum versus the State Department of Parks and Recreation.

Further discussion was held relative to status of response from the State relative to the draft agreement that was submitted for retention of the Museum in the County, and relative to request for the State to provide $100,000 in funding. Supervisor Pickard advised that Assemblyman House and Senator Monteith have been contacted to request a meeting with the State, and it is hoped that a response will be received soon. Ed Hardy and Glenn Sutherland provided input relative to these issues, and responded to questions from the Board relative to the actions they would like to see the Board take. Board concurred with directing Supervisors Parker and Pickard to continue to pursue a meeting with the State Department of Conservation to try to reach an amenable agreement relative to the Museum; and County Counsel suggested that the draft proposed agreement be scheduled for the Board’s consideration and comments.

Ken Hawkins, Auditor;
Update Board of Supervisors Pursuant to Resolution 96-143, Linking Elected Officials to Cost-Of-Living Adjustments of the Superior Court Judge

BOARD ACTION: Matter was continued to later this date.

11:11 a.m. Recess

11:20 a.m. Ed Johnson, Planning and Building Director;
• PUBLIC HEARING to Solicit Comments from the Public Regarding Community Development Block Grant (CDBG) Project Possibilities
• Direct Staff to Work with Applied Development Economics (ADE) to Prepare the Necessary Application Materials for Funding a Project Associated with the Mining and Mineral Museum Relocation Effort

BOARD ACTION: Ed Johnson presented staff report. Public portion of the hearing was opened. Input from the public was received from the following: Barry Brouillette asked if grant dollars could be used for revolving loan funds for small businesses, and requested that this be included in consideration as a possible project. Public portion of the hearing was closed. Board commenced with deliberations. Ed Johnson and Jay Pawlek/Senior Planner, responded to questions from the Board relative to allowing for flexibility in the grant applications; and relative to the success rate of obtaining these grant funds. Steve Hayes/Visitors Bureau Director, provided input relative to the flexibility of a revolving loan fund for economic development purposes. Staff responded to additional questions from the Board relative to maximum amounts available for revolving loan funds; and consideration of previous requests from Mountain Crisis and housing rehabilitation on the northside for funding. (M)Parker, (S)Pickard, direction was given to staff to pursue an application for funding the Mining and Mineral Museum relocation effort/Ayes: Unanimous. Supervisor Reilly requested that information be provided for future consideration relative to the possibilities that exist with revolving loan funds. Hearing was closed.

Garry R. Parker, District IV Supervisor;
Discussion and Possible Action Relative to the Road Construction Access Schedule for Highway 140, Inside Yosemite National Park

BOARD ACTION: Bill Delaney, National Park Service; Dave Zanetell/Supervisory Highway Engineer, and Dick Gillette/Project Engineer, with Federal Highway Administration, were present for discussion. Discussion was held relative to the changes in the road construction
access schedule for Highway 140, inside Yosemite National Park, release of the draft press release, and economic impacts on the businesses and the County, tourist traffic, and employees. Bill Delaney reviewed the project, its history, and the request for proposal process and results. He advised that a three-year project with a morning, noon, and evening access schedule was not economically feasible. Bill Delaney advised that they inadvertently left the Easter holiday out of the access schedule and will try to work that back in.

Input from the public was provided by the following:

Mark Dagger, El Portal, stated he feels the construction access schedule is uncaring with regards to the travel schedules for the employees, and he asked if additional time could be given for access while the equipment is being warmed-up and cooled-down at the beginning and end of each work shift. He was advised that the warm-up and cool-down of the equipment would occur during the access hours so that actual construction work would occur during the entire work shift.

An employee at The Ahwahnee asked what impacts the construction would have on their regular travel time during the access hours. Dave Zanetell stated he feels travel time through the construction area will take three times longer.

Lisa Edelheit, SEIU, expressed concern with access for employee travel and asked if there could be a separate lane for employees so that they can convoy ahead of the tourist traffic for work in the Park. She suggested that Foresta Road be developed as an alternative access even if only for one-way traffic – stated she feels all projects of this type should include alternative access. She expressed concern with employees that need to work until 11:00 p.m. and would be required to drive the long way around as they would miss the access schedule. Dave Zanetell advised of their consideration of these issues and of their need to leave the road in a safe travel condition for each access period.

Another employee in the Park asked about consideration of a shuttle bus for employee travel, and was advised that the same safety issues exist for access.

Dick Gillette commented on the difficulty with the blasting and construction of a retaining wall construction along the River that is involved in this project.

Further discussion was held with the Board relative to the access schedule.

Barry Brouillette, Yosemite Motels, stated he has sympathy for those trying to do a job. He referred to their potential revenue loss as a result of this project and reminded everyone that this follows on the tail of the Park closure due to the Federal budget delay and due to the flooding – the impact with the construction access schedule is cumulative for the businesses. He further stated that the Valley Implementation Plan does not address the economic impacts outside of Yosemite. He stated he feels an economic impact analysis should be requested to determine if it would be less of an impact for the Federal government to pick up the costs for a three-year construction project versus the economic impact to the businesses. He requested that the press release be held pending this analysis.

Ruth Sellers asked if it would be better to improve Foresta Road for employee travel. Supervisors Reilly and Stewart advised of the Board’s tour of Foresta Road to review its condition, and they advised that there are significant issues involved for improving Foresta Road. An employee in the Park asked if anyone involved in the construction business participated in the tour, and was advised that the County’s Public Works Director was present. Another employee asked if the weather is good and the project is completed ahead of schedule if the road would be opened sooner. Supervisor Reilly advised that they are working on an information system whereby people could know the status of the access schedule.

Diane Mueller of El Portal asked whether employees would be able to park and stay in their vehicles overnight when they miss the evening access period. Bill Delaney advised that they are working on these types of issues.

Dana Walton, community representative for Congressman Radanovich, advised that the Congressman is aware of the pending issues and his office is in consultation with the Park Service and is waiting for direction from this Board to go forward. He advised that the Congressman would like to know if the economic impact study was done again after the changes.
in the pending process. Bill Delaney advised that the economic impact study was done for the original project and it was felt that these changes do not void that study.

   Lisa Edelheit stated she feels there should be an additional economic impact study, and she asked how many local residents would be hired for the construction project. Supervisor Reilly commented on the need to establish a system for local employees who lose their jobs in other areas due to the construction project to be hired for the construction positions.

   Barry Brouillette referred to the YARTS economic analysis discussed on Monday, and stated he feels these construction workers will be like day-use visitors to the Park. He reiterated his request for an economic analysis to determine whether the County is losing dollars for the Federal government to save dollars.
   
   Steve Hayes, Visitors Bureau Director, noted the access schedule for this construction project will have an affect on the entire Yosemite Region. He suggested that consideration be given to forming a liaison with other counties relative to the impacts on tourism as services are affected. He referred to statistics on the affect the tourism industry has on the County.
   
   Following discussion, (M)Parker, (S)Stewart, Board requested the following:
   - that an economic analysis be conducted based on the changes that have been made;
   - that the press release be held until the economic analysis is complete and issues are resolved;
   - that the Park Service reinstate the shoulder time periods for access in mid-October and mid-April;
   - that the Park Service seek additional funding to address the economic impacts to the County;
   - that the Park Service address the access concerns of individuals that work inside the Park, especially the need for night access; and
   - that the Board be kept fully informed and be involved in addressing the access schedule issues.

   Following further discussion, motion was amended, agreeable with maker and second, to include direction for the Chair to sign letters to Superintendent Stan Albright, Congressman George Radanovich, Senator Barbara Boxer, Senator Dianne Feinstein, and others as appropriate/Ayes: Unanimous.

Mike Edwards, Public Works Director;
A) Resolution Requesting Approval of the Local Enforcement Agency and the California Integrated Waste Management Board to Change the Public Operating Hours of the Mariposa County Landfill and Recycling Center
BOARD ACTION: Matter was continued to be rescheduled.

B) Resolution Authorizing the Mariposa County Resource Conservation District to Prepare a Proposition 204 Delta Tributary Watershed Program (Phase II) Grant Application on Behalf of Mariposa County
BOARD ACTION: (M)Pickard, (S)Balmain, Res. 98-309 adopted/Ayes: Unanimous.

Ken Hawkins, Auditor;
Update Board of Supervisors Pursuant to Resolution 96-143, Linking Elected Officials to Cost-Of-Living Adjustments of the Superior Court Judge
BOARD ACTION: Matter was continued to August 18, 1998.

12:52 p.m. Lunch

2:08 p.m. Ed Johnson, Planning and Building Director;
PUBLIC HEARING to Consider the Industrial/Commercial Zone Code Revisions (General Plan/Zoning Amendment No. 97-1)
**BOARD ACTION:** Ed Johnson presented staff report and reviewed the revisions to the draft document. Ed Johnson and Jay Pawlek, Senior Planner, responded to questions from the Board relative to the square footage for outdoor storage use – the 1,000 square footage was corrected to reflect 2,000 square feet; relative to the underground utility section – it was corrected to exclude primary versus secondary utility lines; and relative to permitted and conditional uses for Resort Commercial (CR) zoning.

Public portion of the hearing was opened for comments of a general nature, and the following input from the public was provided:

Don Starchman asked about the revisions and definition of mobile home park with regards to compliance with the State statutes. Jay Pawlek advised that staff is reviewing this issue and will bring information back to the Board. Ed Johnson advised that the revisions being considered today are to the Zone Code and they will bring back the revisions to the General Plan. Don Starchman noted that the Seastrom batch plant on the northside is a permitted use, but if they change their zoning under the proposal, their use would become a conditional use. He asked if both applications could be processed together under the open window period application process. He further stated he believes that the existing sawmill operations may be in the same “catch 22” position. Ed Johnson advised that they can work on this issue in the rezoning process. Don Starchman further asked about the town planning areas (TPAs), especially Catheys Valley – by expanding use in the TPA, he asked if there would be more intense, concentrated uses, and restrictions on residences resulting in smaller TPAs and if the rest of the area would be rezoned back to Mountain Home. Ed Johnson commented on the processes and advised that areas could be rezoned to TPA 2. Staff responded to questions from the Board relative to the TPA issues.

Steve Fortner asked if the TPA 1, with revisions, will allow existing conditional uses to become permitted uses. Staff advised that there would be a staff discretionary review versus a hearing by the Planning Commission under the proposal.

Donald Rowe, property owner in the Mariposa TPA, asked how the zoning can be changed and whether there is anything in this document that changes zoning in the Mariposa TPA. Staff advised that there is not anything in this document that changes zoning.

Bart Brown advised that a firm called Planning Concepts reviewed the document, and he read their letter into the record. He requested that the Board defer action until a full environmental impact report (EIR) is prepared.

Robert Schmelzer read his letter into the record and stated industry does not always produce more revenue in taxes than costs to a community.

Ruth Sellers stated that in reviewing the recommendations and revisions in the current document, she feels it has deteriorated. She referenced the changes in the minimum parcel size from when the open window period application process began – 40 acres was proposed at that time and today smaller parcels are being proposed. She feels that this will compete with rural home industry, and anyone with five acres would be eligible for commercial zoning under the current proposal. She feels there should be a minimum of 20 acres for commercial and 40 acres for light industrial uses, and that an EIR should be required. She noted that in reviewing the Mariposa TPA there are 180 acres zoned for commercial and light industrial uses.

Mary Lou Tiner stated she would like to see 20 acre minimum parcel size maintained for the General Commercial (CG) zone, and she would like to see the 20 acre minimum parcel size retained for the Business Park (BP) zone. She feels that if the proposed revisions are adopted, that it will result in small parcels all over the County being used for commercial and light industrial operations and that will destroy tourism. She feels these types of uses should be concentrated. She also noted that with the new UC Merced, there will be more need for residential areas.

Don Starchman stated he feels the Board is headed in the right direction with the document, but he prefers not to see so many conditional uses. He stated that if a job is being created, he feels there are different requirements and processes to protect everyone in the County. He further stated that if someone builds a big barn or an ugly house, it only requires a
building permit. Don responded to questions from the Board relative to his feelings on the proposed thresholds in the original document, and relative to the environmental review process for a project.

Jeff Green, County Counsel, responded to questions from the Board relative to the environmental review process for this document.

Don Starchman noted that with regards to information provided by Ruth Sellers on the amount of property that is currently available for commercial and light industrial uses, that much of the property is not really available due to CalTrans’ encroachment requirements and property owners that are not willing to develop their parcels – this property is like “fools gold.”

Staff responded to additional questions from the Board relative to the environmental review process for this document.

Robert Schmelzer stated he feels that CEQA requires environmental review for any changes made in the General Plan.

Discussion was held relative to the hearing schedule and Board member commitments, and it was agreed that the hearing would be continued for the full Board to be present.

3:27 p.m. Recess

3:47 p.m. Supervisor Balmain initiated discussion relative to the appeal process and requested that the revisions be considered separately from this process to expedite changes to allow an appellant to appeal directly to the Board of Supervisors versus the current process of appealing a Planning Director’s decision to the Planning Commission first. Jeff Green advised that the public portion of the hearing could be opened to receive comments on this particular issue, and then the Board could take action to give direction to staff. No further noticing would be required and this issue would not need to be sent back to the Planning Commission for further review.

Public portion of the hearing was opened and input provided by the following on the appeal process issue:

Ruth Sellers asked if an appellant would have the option to appeal to the Planning Commission if they appealed to the Board first. Staff advised that they would not have the option.

Steve Fortner stated he felt that if an applicant was doing a project that is less controversial, he would have three processes available for appeal – the Planning Director, Planning Commission and the Board of Supervisors; and it does not seem fair that a major project would only have one process available for appeal – the Board of Supervisors.

Bart Brown stated he likes the current process of appeals being submitted to the Planning Commission first.

(M)Balmain, (S)Parker, direction was given to staff to bring back a language change for the appeal process to allow appeals to be submitted directly to the Board of Supervisors/Ayes: Balmain, Stewart, Parker; Noes: Reilly, Pickard.

Public hearing was continued to August 11, 1998, at 2:00 p.m.

Board Information and Announcements:
- Janet Hogan, County Administrative Officer, had the Board members practice peeling apples for the upcoming apple peeling contest at the County Fair.

CLOSED SESSION Regarding Conference with County Labor Negotiator Relative to Sheriff’s Management Association (MSMA), Deputy Sheriff’s Association (DSA), Mariposa County Managerial/Confidential Organization (MCMCO) (Administration)

BOARD ACTION: Closed Session wasn’t held.

INFORMATION - No action was necessary on the following:

MARGIE WILLIAMS
Clerk of the Board
Time   Description
9:03 a.m. Meeting Called to Order with Supervisor Pickard excused.

Pledge of Allegiance

Public Presentations: For Non-Timed Agenda Items and for Items Not on the Agenda
- Pelk Richards, Undersheriff, advised of an off-agenda item that he will present with the Sheriff’s item later this morning.
- Ed Johnson, Planning and Building Director, discussed coordination of the UC Merced tour with the Planning Commission and Merced County staff to review the new timelines for the project and to tour the site. Further discussion to be held later this date.
- Supervisor Parker advised of a meeting that he and Supervisor Pickard attended with the following present relative to the Mining and Mineral Museum: Doug Wheeler/California Resources Secretary, and Pat Mechan/Assistant Director of the California Department of Conservation, Ed Hardy, Herb and Joan Gloor, Glenn Sutherland/State Mining and Mineral Museum Association, Steve Hayes/Visitors’ Bureau Director, Janet Hogan/County Administrative Officer, and Jeff Green, County Counsel. Supervisor Parker thanked Ed Hardy for his efforts in arranging the meeting. Doug Wheeler was able to visit the Gloor site. Discussion was held relative to this pending issues, participation by the County and the State, status of the $50,000 requested in the State’s budget, funding opportunities and relative to pursuing private sector funding. Jeff Green, County Counsel, stated that as a result of the meeting he feels there is a commitment on the part of the State to not go through the request for proposal process and to not close the Museum to give the County an opportunity to put together a program to retain the Museum. He further advised that it does not appear that the State will fund any portion of the Museum other than the $50,000 requested in the pending budget.

Approval of Minutes of 7/28/98 Regular Meeting
**BOARD ACTION:** Approved.

Approval of Consent Agenda (See End of Minutes)
**BOARD ACTION:** Supervisor Balmain pulled item 4 – action was taken later this date. (M)Parker, (S)Balmain, balance of items were approved/Ayes: Reilly, Balmain, Stewart, Parker; Excused: Pickard.

Pelk Richards advised of an off-agenda request to accept the Office of Community Oriented Policing Services (COPS) grant. (M)Parker, (S)Balmain, Board waived rules requiring 72 hours agenda noticing to consider this request finding that action is necessary prior to the next meeting/Ayes: Reilly, Balmain, Stewart, Parker; Excused: Pickard. Discussion was held and Pelk advised that the County’s match was reduced to ten percent. He advised that he will meet with the Criminal Justice members and the County Administrative Officer and bring back a recommendation for allocation of the County’s match during the final budget hearings. (M)Parker, (S)Balmain, Res. 98-313 adopted authorizing Chair to sign the COPS grant.

10:07 a.m. Recess

10:19 a.m. BOARD OF SUPERVISORS and MARIPOSA COUNTY WATER AGENCY
Mike Edwards, Public Works Director; Yosemite West Maintenance District Wastewater Treatment Facility Status Report, Ratify Public Works’ Hire of Contract Labor and Equipment as Necessary, Approve Loan of Up to $300,000 from County Water Agency and Approve Additional Extra-Help Allocation for Interim Project Work (4/5ths Vote Required)

BOARD ACTION AND AGENCY ACTION: Mike Edwards advised that $373,000 is the revised estimated cost for phases 1 and 2 of the project, and that $323,000 is the revised request for Water Agency funds. Discussion was held relative to the request for a loan and the Proposition 218 process to assess a fee to repay the loan. Dave Tucker/PWD-Engineer, provided input relative to the project. Staff clarified that the extra help funding is calculated in the project costs. (M)Stewart, (S)Balmain,

1) Board Res. 98-319 adopted:
   - reversing the previous budget action to appropriate $100,000 from the General Fund Contingency for this project;
   - ratifying Public Works’ hire of contract labor and equipment as necessary; and
   - approving additional extra help allocation for the interim project work; and
2) Water Agency Res. 98-2 adopted:
   - Directing Public Works Director, County Administrative Officer, and Auditor to prepare the necessary paperwork for final approval during the final budget hearings for a temporary loan up to $323,000 from the Water Agency Fund, with direction that other sources of financing for the project be investigated, and with the understanding that Public Works has the authority to proceed with the project in interim within this budget/

Ayes: Reilly, Balmain, Stewart, Parker; Excused: Pickard.

Consent Agenda item 4 – Following discussion, (M)Balmain, (S)Stewart, item 4 was approved/Ayes: Reilly, Balmain, Stewart, Parker; Excused: Pickard.

10:55 a.m. Further discussion was held with Ed Johnson relative to scheduling the tour of the UC Merced site – final arrangements to be made later this date.

Consider Canceling Regular Board of Supervisors Meeting of August 25, 1998; Rescheduling Public Hearings for the FY 1998-99 Budget to Begin on September 8, 1998 with no Other Agenda Items to be Scheduled for September 8, 1998  (Administration)

BOARD ACTION: Following discussion, (M)Parker, (S)Balmain, Res. 98-321 adopted/Ayes: Reilly, Balmain, Stewart, Parker; Excused: Pickard.

11:03 a.m. Janet Hogan, County Administrative Officer; CLOSED SESSION Regarding Conference with County Labor Negotiator Relative to Sheriff’s Management Association (MSMA), Deputy Sheriff’s Association (DSA), Mariposa County Managerial/Confidential Organization (MCMCO); and
CLOSED SESSION Regarding Conference with Legal Counsel Relative to Anticipated Litigation with Significant Exposure to Litigation Pursuant to Subdivision (b) of Government Code Section 54956.9 (County Counsel)

**BOARD ACTION:** (M)Parker, (S)Balmain, closed session was held for the above-referenced matters, with direction given for the Board to recess for lunch at the conclusion of the closed session/Ayes: Reilly, Balmain, Stewart, Parker; Excused: Pickard.

**11:44 a.m.** Lunch

**2:06 p.m.** Chair Reilly announced that direction was given to staff as a result of the closed session.

Ed Johnson advised that the UC Merced tour has been scheduled for Friday, August 21, 1998, and that the Planning Commissioners will also attend.

Ed Johnson, Planning and Building Director;
PUBLIC HEARING to Consider the Industrial/Commercial Zone Code Revisions (General Plan/Zoning Amendment No. 97-1) (Continued from 8/4/98)

**BOARD ACTION:** Ed Johnson provided some examples of the zoning process under the proposed procedures for specific types of parcels, and he presented the concept of having an option to overlay a portion of a parcel for permitted uses, with the balance of the parcel for conditional uses. Ed Johnson and Jay Pawlek/Senior Planner, responded to questions relative to the proposed concept, and environmental review processes and costs.

Input from the public was provided by the following:
   - Steve Fortner asked about environment review processes and costs.
   - Kay Mickel asked about environmental review costs for developing a ten-acre parcel and using two to three acres of the parcel for a business and going through the subdivision process. She stated she wasn’t sure if the overlay concept would work for parcels where business uses were being expanded.
   - Shirley Schmelzer asked if the setback requirements would apply with the overlay concept, and expressed concern with incremental planning.
   - Steve Fortner commented that the environmental review is too costly with the current process.

Further discussion was held. Board concurred with looking at the overlay concept and with staff bringing back policy issues and details. Supervisor Reilly advised of requests she has received from citizens to schedule evening meetings and to notice when zones or specific subject areas will be reviewed. Discussion was held. Jeff Green, County Counsel, requested authority to retain services of a law firm that specializes in CEQA to review the proposed amendments and follow the process to advise the Board with regards to environmental review requirements — Board concurred with this request. Jeff Green also suggested that the public be invited to submit written letters or comments on amendments and that a specific time and date be scheduled to discuss whatever is received. Supervisor Reilly commented that the community advisory committees may also want to have time to review the proposed amendments.

Kay Mickel commended the Board for moving forward, and she stated that she felt the County should have someone in government who is proactive and encourages businesses to locate here.

Steve Fortner stated he feels the Planning staff does well with encouraging businesses; however, Title 17 regulations do not allow this as the regulations are out of date.

Further discussion was held with regards to the timelines for this process. Ed Johnson advised that he hopes the Board can address and resolve pending details next week and give staff direction to prepare a final document for review by County Counsel and the environmental consultant. At the same time, the Planning Commission can review the Open Window Period applications in light of the new concepts. Jeff Green advised that he will come back with a funding request for the environmental consultant during the final budget hearings. Supervisor
Balmain asked about the status of processing the appeal issue, and was advised that staff is working on this issue.

Public Hearing was continued to August 18, 1998, at 2:00 p.m.

Board Information and Announcements
- Janet Hogan, County Administrative Officer, reminded the Board members to practice their apple peeling skills at the office following the meeting so that they will be prepared for the contest at the County Fair.
- Janet Hogan advised that with regards to the addition of the permanent 4-H Youth Coordinator position and the dollars discussed, that the Farm Advisor prefers to implement the position in January, 1999.

INFORMATION - No action was necessary on the following:

MARGIE WILLIAMS
Clerk of the Board
MARIPOSA COUNTY BOARD OF SUPERVISORS

CONFORMED AGENDA
AUGUST 18, 1998

Time Description
9:04 a.m. Meeting Called to Order
Pledge of Allegiance

Public Presentations: For Non-Timed Agenda Items and for Items Not on the Agenda
  - Pelk Richards, Fair Board Member, reminded the Board members of the upcoming apple peeling contest at the County Fair and advised that their members have been practicing.
  - Kathy Delaney, representing the Youth Sports Association and Skate Park Committee, presented a letter of thanks for the Board’s support of the skate park project, and the youth gave a demonstration of skateboard techniques.

Approval of Minutes of 8/4/98 Regular Meeting
BOARD ACTION: Minutes were continued to 9/1/98 for approval.

Approval of Consent Agenda (See End of Minutes)
BOARD ACTION: Jeff Green, County Counsel, pulled items 1 and 6. Supervisor Parker pulled item 4. Action was taken later this date on these items. (M)Stewart, (S)Pickard, balance of items were approved/Ayes: Unanimous.

Roger Matlock, Sheriff;
Resolution Waiving the Hiring Freeze and Allowing a Sergeant and Captain Position to be Filled
BOARD ACTION: Following discussion, (M)Parker, (S)Balmain, Res. 98-324 adopted, with action effective immediately/Ayes: Unanimous.

Gary Estep, Assessor/Recorder;
Resolution Authorizing the Closure of the Northside Assessor-Recorder Office
BOARD ACTION: Discussion was held relative to the requested action. Supervisor Balmain requested that the matter be continued to allow for the Assessor to hold a community meeting to be held on the northside to explain the requested action to the citizens.
Input was provided by the following:
  - Joan Tune stated she agreed with Supervisor Balmain’s request, and she requested that cost information be shared at the meeting for making this change versus keeping the existing office arrangement. She also noted that it is quite a distance for Buck Meadows residents to drive to Mariposa for services, and that service to the public is important.
  - Sally Punte, Lake Don Pedro resident, advised that when she was a member of the Board, there was a survey of the northside office services, and she feels things were working well. She requested that percentage information be provided that was asked for by Scott Godfrey. Supervisor Balmain advised that the Assessor would be able to provide the requested information.
  - Pelk Richards, Undersheriff, advised that the Sheriff is opening an office in Greeley Hill to be staffed by volunteers and that office could provide an additional resource for other County departments and they could assist with transporting documents to the northside.
Board concurred with continuing this matter until after the community meeting on the northside.

9:40 a.m. Larry Salinas, Public Affairs Manager for PG & E;
Presentation Relative to Opposing Proposition 9 (Initiative to Stop Deregulation of Utility Taxes)
**BOARD ACTION:** Discussion was held with Larry Salinas. Matter was continued to September 1, 1998, for additional information to be provided, along with the actual proposition language.

**10:24 a.m.** Recess

**10:35 a.m.** Ken Hawkins, Auditor; Update Board of Supervisors Pursuant to Resolution 96-143, Linking Elected Officials to Cost-of-Living Adjustments of the Superior Court Judge (Continued from 8/4/98)

**BOARD ACTION:** Discussion was held and it was noted that no raises for the Superior Court Judges have been received; however, there is legislation pending to provide a raise effective January 1, 1999. (M)Parker, (S)Pickard, to provide a three percent raise effective July 1, 1998, and a three percent raise effective January 1, 1999, to the elected department heads, with the Board members to be excluded, failed by the following vote – Ayes: Balmain, Parker; Noes: Reilly, Stewart, Pickard. (M)Pickard, (S)Stewart, Res. 98-325 adopted granting a three percent raise effective January 1, 1998, and a three percent raise effective January 1, 1999, to the elected department heads, with the Board members to be excluded/Ayes: Reilly, Stewart, Pickard; Noes: Balmain, Parker. Motion by Reilly (who passed the gavel) to make the same cost-of-living adjustment for the Board members, died for lack of a second. Ken Hawkins commented on the workload for Supervisors in counties where there are no cities; and he thanked the Board for the increase on behalf of the elected department heads.

**10:55 a.m.** Mike Edwards, Public Works Director; A) Status of Mariposa-Yosemite Airport Construction Project and Direction from the Board on Unfunded Items

**BOARD ACTION:** Discussion was held with Mike Edwards and Gwen Foster/PWD-Engineer, relative to the status of the project and options in the construction project and the status of funding. Mike Edwards also advised of the need to provide a match for the contingency amount of the grant. Board concurred with further considering funding of the recommended options during the Final Budget hearings.

B) Resolution Requesting Approval of the Local Enforcement Agency and the California Integrated Waste Management Board to Change the Public Operating Hours of the Mariposa County Landfill and Recycling Center (Continued from 8/4/98)

**BOARD ACTION:** Discussion was held relative to the operating hours and the recycling center hours, and relative to making the recycling center more user friendly. Fred Youngren, Total Waste Systems, commented on the peak periods of use of the recycling center. Discussion was also held relative to being able to make changes without impacting the tipping fee. (M)Parker, (S)Stewart, Res. 98-326 adopted approving the proposed operating hours of 7:00 a.m. to 4:00 p.m. on weekdays, 8:00 a.m. to 4:00 p.m. on weekends, and being closed on Wednesdays, for the landfill and the recycling center; and that the additional cost of $20,441 be taken from the Solid Waste Contingency/Ayes: Unanimous. Supervisor Stewart asked about the possibility of changing the hours for the Hornitos transfer station to address requests received from the community – Mike Edwards advised that they will review this matter.

**12:05 p.m.** CLOSED SESSION Regarding Conference with County Labor Negotiator Relative to Sheriff’s Management Association (MSMA), Deputy Sheriff’s Association (DSA), Mariposa County Managerial/Confidential Organization (MCMCO) (Administration)

**BOARD ACTION:** (M)Balmain, (S)Stewart, closed session was held with Rick Bolanos, Labor Negotiator, to be present/Ayes: Unanimous.

**12:15 p.m.** Board reconvened in open session with direction given to staff as a result of closed session.
CLOSED SESSION Regarding Conference with Legal Counsel Relative to Anticipated Litigation with Significant Exposure to Litigation Pursuant to Subdivision (b) of Government Code Section 549056.9 (County Counsel)

**BOARD ACTION:** (M)Stewart, (S)Balmain, following lunch break, Board to convene in closed session at 1:30 p.m., with Mike Edwards, Public Works Director, and Tom Starling, PWD-Solid Waste Coordinator, to be present/Ayes: Unanimous.

**12:16 p.m.** Lunch

**1:37 p.m.** Board convened in closed session.

**2:12 p.m.** Board reconvened in open session with direction given to staff as a result of closed session.

Ed Johnson, Planning and Building Director;
Continued PUBLIC HEARING to Consider the Industrial/Commercial Zone Code Revisions (General Plan/Zoning Amendment No. 97-1) (Continued from 8/11/98)

**BOARD ACTION:** Ed Johnson presented information on the overlay concept – zone 1 would be for conditional uses, and zone 2 would be for permitted uses for each zone classification. As a framework for discussion during this portion of the hearing, he proposed reviewing how this concept would apply in general to the rest of the ordinance and to each zone, and that the development standards be reviewed after each zone – Board concurred. Ed Johnson and Jay Pawlek/Senior Planner, responded to questions from the Board relative to permitted uses and whether open space could be included in the 1 zones.

**Special Use (SU) Zone:**
Ed Johnson reviewed the SU zone and advised that no overlay is proposed for this zone. Public input was provided by the following:

- Bart Brown asked if this zone provides for a minimum size if the 20 acre minimum parcel size could be reduced if approved by the Planning Commission, and he expressed concern with allowing heavy industrial uses on smaller parcels.

  Staff responded to questions from the Board relative to the minimum parcel size for this zone and advised of the Planning Commission’s concern that business owners be able to own the land that contains their business.

- Steve Fortner stated he feels that this is the flip side of the “right-to-farm” concept – this would allow for the right to do business is an area.

- Jeff Green, County Counsel, stated he felt it needs to be very clear that the 20 acre minimum parcel size remains. Staff advised that there is a difference between the minimum size for the zone and for subdivision purposes.

**Business Park (BP) Zone:**
Ed Johnson reviewed the BP zone with regards to the overlay concept, and recommended that the minimum parcel size be 20 acres. Supervisor Balmain asked about the 2,000 square foot outdoor storage and suggested that more square footage be allowed; and he asked about a previous request for sample scale drawings to get a feel for the size restrictions. Staff responded to questions from the Board relative to the minimum parcel size, whether there are permitted uses in the 1 zone, and relative to developing a portion of the parcel and maintaining open space.

Public input was provided by the following:

- Steve Fortner stated he feels this is site specific and it is difficult to review the concept on a general basis. He stated that as an example there could be a ten acre parcel bordering the National Forest and a need for a special use in the area.

- Bart Brown commented on the previous goal to concentrate uses so that they are not scattered, and so that they are within the good transportation areas, but out of the tourist...
corridors. He stated he feels as Rural Home Industry uses grow they should be encouraged to locate within this zone, and he does not feel that a ten-acre site lends itself to that. Bill Wendt noted that a twenty-acre minimum parcel size would only attract someone who is serious, and it would provide a buffer for environmental concerns. He stated that this is what he supports.

Staff responded to questions from the Board relative to uses in the BP and SU zones; occupancy load, and outdoor storage space threshold. Board concurred with allowing 2,000 square feet of outdoor storage, ten-acre minimum parcel size, and with the overlay concept for this zone.

3:14 p.m. Recess

3:26 p.m. Agricultural Commercial (CA) Zone:
  Ed Johnson reviewed the overlay concept for this zone, and he responded to a question from the Board relative to allowed uses.
  Public input was provided by the following:
  Steve Fortner asked if this zone would be appropriate for a golf course and was advised that it would not be.
  Board concurred with the overlay concept for this zone.

Resort Commercial (CR):
  Ed Johnson reviewed the overlay concept for this zone, and he recommended that the conditional uses remain conditional for zones 1 and 2. Staff commented on reconsidering campground sites and uses and the need to review development standards for these uses. Staff responded to questions from the Board relative to: conditional uses versus permitted uses for tennis clubs, etc.; whether permitted uses should be allowed in this zone; relative to submission of a use permit at the same time as a re-zone application; and relative to ability to go through a conditional use process and approve a project without conditions if it was found that no further conditions are necessary after the environmental review process; and relative to the need to further review this issue after review of the development standards.
  Public input was provided by the following:
  Steve Fortner stated he feels this is the zone to draw the tourists; however, he does not see why someone would bother to go through a rezoning process to obtain CR2 and still only be able to have conditional uses.
  Staff responded to questions from the Board relative to the five-acre minimum parcel size and the 9,000 square foot minimum size.

General Commercial (CG):
  Ed Johnson reviewed the overlay concept for this zone – uses in the 1 zone would be conditional and most uses in the 2 zone would be permitted, and some uses would be conditional. He advised that he does not recommend that hazardous materials, bulk storage type uses and entertainment type uses be permitted in the 2 zone. The minimum parcel size is five-acres. Staff responded to questions from the Board relative to the allowable outdoor storage space; whether churches, meeting halls, mortuaries, and auto repairs are allowed in other zones; and relative to the appropriate zone(s) for golf courses.
  There was no public input for this zone.

Neighborhood Commercial (CN):
  Ed Johnson recommended that the overlay concept apply with permitted uses allowed in zone 2 and conditional uses in zone 1, with two and one-half acre minimum parcel size. Staff responded to a question from the Board relative to conditional uses.
  Public input was provided by the following:
  Steve Fortner asked about similar use determinations for this zone.
**Town Planning Area (TPA):**

Ed Johnson reviewed how the overlay concept would apply to the TPA zone. For CN zones outside of the TPA, permitted uses would be allowed. He recommended that the Planning Commission’s review be changed to staff level review for CN uses. Staff responded to a question from the Board relative to TPAs with Specific Plans and how the overlay concept would apply.

Input from the public was provided by the following:

- Steve Fortner noted that with conditional or non-conforming uses, it is difficult to obtain a loan.
- Staff responded to a question from the Board relative to making conditional or non-conforming uses, conforming in this zone. Staff advised that they are further considering the option of a zone change as an alternative to a Specific Plan for businesses in TPAs.

Staff advised that specific development standards still need to be reviewed.

**4:47 p.m.** Recess

**5:04 p.m.** Staff reviewed the following development standards and recommendations:

- **Height** – Board concurred with permitting thirty-five feet, and with reviewing anything over that as a conditional use at staff level.
  - Steve Fortner suggested that there be a difference in the standards between the actual height of the structure versus architectural treatment.

- **Signs** – Staff responded to a question from the Board relative to lit signs for 24-hour businesses.

- **Lighting** – Staff responded to questions from the Board relative to lighting for CN; and consideration of making lighting in all zones subject to some review.
  - Shirley Schmelzer shared Bart Brown’s request that lighting standards be considered for all areas of the County – that the lighting be confined to the owner’s property.
  - Staff responded to additional questions from the Board relative to taking into account changes in technology; looking at elevation differences and problems with lighting; and whether this would be discretionary.
  - Steve Fortner asked if someone wanted to light something like a baseball field in Catheys Valley and lighting was needed that is higher than allowed in the standards, whether that would be possible. Staff advised that it would be possible with a conditional use permit.

- **Grading** – Board concurred with applying the standards to the 1 zones and not to the 2 zones.

- **Preservation of wildlife corridors** – Staff advised that this would not apply in the 2 zones.

- **Tree preservation** – Board concurred with not applying this to the 2 zones.

- **Water** – Staff reviewed options.
  - Shirley Schmelzer commented on mitigation for neighbor’s wells and potential problems.
  - Staff responded to questions from the Board relative to defining “adequate water” and how it would be determined if a new well interfered with an existing well.
  - Steve Fortner stated he feels it would be difficult to obtain permission to test a neighboring well and to determine who has prior rights.
  - Staff responded to additional questions from the Board relative to off-site testing. Jeff Green, County Counsel, responded to a question from the Board relative to the County’s liability.
in this matter. Board concurred with deleting this section and with water issues being addressed in environmental review for projects.

**Commercial, Business Park and Special Use standards** – Following discussion on nuisance standards, Board concurred with applying these standards to the 1 zone, and issues for the 2 zone would be a civil matter.

**Cultural Resources** – Staff recommended that item B be rewritten so that if cultural resources are discovered during any project, there would be an effort to preserve them. Jeff Green asked about affect this would have on a currently-zoned parcel. Ed Johnson advised that they would include wording in this section so that it would not apply to parcels that are already zoned. Staff responded to a question from the Board as to whether this is covered in the CEQA process.

**Traffic** – Staff reviewed recommendations and responded to questions from the Board relative to having a second set of standards for the 2 zone.

Shirley Schmelzer noted that future development would be halted at the point the traffic count numbers tripped the next set of requirements.

Steve Fortner stated he feels that traffic count numbers are difficult to obtain.

Board concurred that any significant impact, regardless of the level of service, would trigger an impact, and agreed to meet with the Planning Commission in the next six months on this issue.

**Noise** – Staff recommended that this apply to permitted and conditional uses. Staff responded to a question from the Board relative to measurement of noise levels in the night versus day-time.

**Names for staff processes** – Staff recommended changing use permit determinations to something like administrative permit. Staff will further review this issue and come back with a recommendation.

**Open Window Period applications and minimum parcel size requirements** – Staff asked whether wording should be included to exclude those open window period applications that were submitted that do not meet the minimum parcel size, based on a case-by-case review as long as it meets the intent of the zone. Discussion was held relative to whether the parcels could then be sold and with a different use. Staff responded to questions relative to this issue. Staff to further review this matter with County Counsel.

Changes made during the hearing process are to be incorporated in the next draft for review by the environmental consultant. Staff advised that the revised document will need to go back out for public review and public hearing.

Public Hearing was continued to September 22, 1998, at 11:00 a.m.

**6:49 p.m.** Doug Balmain, District II Supervisor; Discussion and Request for Direction to County Counsel to Notify the Park Service of a Possible Violation in the Ambulance Transfer Service Contract with Doctors Medical Center

**BOARD ACTION:** (M)Parker, (S)Balmain, Res. 98-327 adopted. Motion was amended, agreeable with maker and second, directing that the committee notify the Park Service/Ayes: Unanimous.

Consent Agenda item 1 – Discussion was held and Jeff Green, County Counsel, requested that authorization include requirement for the student help to sign a volunteer statement waiving
workers compensation rights, and that the student not be allowed to drive either his/her own vehicle or a county vehicle for any work-related activities. (M)Parker, (S)Pickard, item 1 was approved, including County Counsel’s recommendation/Ayes: Unanimous.

Consent Agenda item 6 – Jeff Green advised that Attorney Blea will be unable to provide the level 3 services, and he recommended that the contract be approved, and they will come back with a recommendation from the Judges to replace Mr. Blea; and in the interim the dollars allocated in the contract for level 3 services will be set aside pending the retention of another attorney. Following discussion, (M)Pickard, (S)Stewart, item 6 was approved, with contract amendment to follow as discussed/Ayes: Reilly, Balmain, Stewart, Pickard; Abstained: Parker.

Consent Agenda item 4 – Following discussion, (M)Parker, (S)Pickard, item 4 was approved/Ayes: Unanimous.

Board Information and Announcements
- Janet Hogan, County Administrative Officer, provided apples and peelers for Board members to practice peeling apples for the contest with the Fair Board members at the County Fair.
- Supervisor Pickard advised that AB 473 (gas tax legislation) cleared the Appropriation Committee on August 11, 1998; and on August 17, 1998, the Senate passed the legislation by a vote of 31 to 1; and it will be heard by the Assembly in the next day or two.

Respectfully submitted,

MARGIE WILLIAMS
Clerk of the Board
9:15 a.m. The Board of Supervisors met in continued session (continued from meeting of August 18, 1998) with the Mariposa County Planning Commission for a tour of the proposed U. C. Merced Campus site, in the parking area of the Merced Hills Golf Club, Merced, California. Supervisors Reilly and Pickard were excused. The following Commissioners were present: Colliver, Pucilowski, Rudzik, Radanovich, and Loberg.

Ed Johnson, Planning Director, introduced Robert “Bob” Smith, Merced County Planning Director. Bob Smith reviewed the selection process and criteria used for selecting the Merced site and the planning process for the campus and the surrounding community.

At 10:00 a.m., the tour group proceeded to caravan to a viewpoint on the proposed campus site, which overlooked a bowl-shaped terrain where the main campus is proposed to be located. Bob Smith reviewed the layout of the area and asked for ideas and/or suggestions for the site. He responded to questions from the audience relative to the campus project and the planning process.

Bob Smith advised that the Merced County Zoning Ordinance was recently revised, and he responded to questions relative to the process and content of the ordinance.

11:30 a.m. ADJOURNMENT

Respectfully submitted,

MARGIE WILLIAMS
Clerk of the Board
CONFORMED AGENDA  
SEPTEMBER 1, 1998

Time   Description

9:06 a.m.  Meeting Called to Order with Supervisor Pickard excused.  
Pledge of Allegiance

Public Presentations: For Non-Timed Agenda Items and for Items Not on the Agenda
- Brandon Roberts presented a petition signed by citizens in the Leonard Road area 
  objecting to the removal of old growth pine trees along Leonard Road, especially the 
  tree referred to as the “Saunders Tree.”  Mike Edwards, Public Works Director, commented on 
  the status of the project and advised that they could delay further action on the project pending 
  direction of the Board.  Board concurred with delaying the project pending further consideration. 
  Ed Hibler stated he feels the tree is 80 to 90 years old and is in beautiful condition – if the road 
  is going to be widened, he could understand the need to remove the tree.  Cliff Seymour stated he 
  has lived in the area for 20 years and the tree does not have any damage from being hit.

Resolution and Tile Plaque Recognizing Roderic B. “Rod” Sinclair Upon His Retirement from 
the Mariposa County Sheriff’s Department  (Sheriff’s Department)

BOARD ACTION:  (M)Stewart, (S)Parker, Res. 98-331 adopted and presented to Rod Sinclair 
along with the tile plaque/Ayes:  Reilly, Balmain, Stewart, Parker; Excused:  Pickard.

Approval of Minutes of 8/4/98 Regular Meeting, 8/11/98 Regular Meeting, 8/18/98 Regular 
Meeting and 8/21/98 Meeting (Continued from 8/18/98 Meeting)

BOARD ACTION:  Minutes of 8/4/98 were approved.  Minutes of 8/18/98 and 8/21/98 were 
continued to 9/15/98.

Approval of Consent Agenda (See End of Minutes)

BOARD ACTION:  (M)Parker, (S)Stewart, all items were approved/Ayes:  Reilly, Balmain, 
Stewart, Parker; Excused:  Pickard.

Patti A. Reilly, District I Supervisor;
Resolution Adopting California State Minimum Wage as the Minimum Wage to be Paid by 
Mariposa County

BOARD ACTION:  Following discussion, (M)Parker, (S)Stewart, Res. 98-338 adopted/Ayes: 
Reilly, Balmain, Stewart, Parker; Excused:  Pickard.

Mike Edwards, Public Works Director;
  A) Resolution Approving Revised Budget for the New Government Center, Increasing 
  County Contribution by $89,000 Within the Existing Capital Improvement Budget

BOARD ACTION:  Discussion was held with Mike Edwards and Dave Tucker/PWD-Engineer. 
It was clarified that the requested action only approves a revised budget, and that authorization to 
for the changes such as the El Nino risk will require approval of change orders.  Supervisors 
Stewart and Reilly discussed their tour of the National Park Service’s vault storage facility in El 
Portal, and they requested that staff review this system and consider its amenities when finishing 
the vault in the Government Center.  Mike Edwards advised that the system has been ordered, 
and suggested that it could be changed at a later date with a re-design and taking into account 
new technology for record storage.  (M)Parker, (S)Stewart, Res. 98-339 adopted approving the 
revised budget/Ayes:  Reilly, Balmain, Stewart, Parker; Excused:  Pickard.
B) Status Report Relative to the Yosemite West Maintenance District Wastewater Treatment Project Emergency Work (No Folder)

**BOARD ACTION:** Mike Edwards presented photographs of the construction in progress for the emergency work; advised that they are still working on addressing all of the incoming seepage from groundwater; and that work has started on the leach field. Dave Tucker/PWD-Engineer, commented on the diversion of the forest spray irrigation away from any area of seepage into the pond.

**9:45 a.m.** Larry Salinas, Public Affairs Manager for PG & E; Presentation Relative to Opposing Proposition 9 (Initiative to Stop Deregulation of Utility Taxes) (Continued from 8/18/98)

**BOARD ACTION:** Discussion was held with Larry Salinas. (M)Stewart, (S)Balmain, Res. 98-340 adopted opposing Proposition 9 and supporting participation in the coalition/Ayes: Reilly, Balmain, Stewart, Parker; Excused: Pickard.

**10:00 a.m.** Rick Jones, Response and Transportation Coordinator for the Mountain-Valley Emergency Medical Services Agency; Discussion and Direction Relative to Approval of an Agreement for Designation of Emergency Medical Service (EMS) Landing Site Located at the Catheys Valley Park (Ballfield) (Supervisor Parker)

**BOARD ACTION:** Discussion was held with Rick Jones relative to request and formal designation of landing sites versus the use of non-designated sites. Discussion was held relative to liability issues, concerns with protecting the ballfield and facilities; and relative to possible alternative locations. It was suggested that the Fire Chief could make the appropriate agencies aware of non-designated sites. Board concurred with having the Fire Chief handle this matter.

**10:25 a.m.** Recess

**10:34 a.m.** Ed Johnson, Planning and Building Director; PUBLIC HEARING to Consider Amendments to the County Appeals Procedures and Chapter 17.136 (Appeals) of County Code

**BOARD ACTION:** Ed Johnson and Jay Pawlek/Senior Planner, presented staff report and responded to questions from the Board relative to changing the office address to reflect the address for the new Government Center – Board concurred with using the new address; change in the number of days allowed to file an appeal from determination – change will be made when the final amendments to Title 17 are adopted; and relative to appeal procedures. Public portion of the appeal was opened and input was provided by the following:

Ken Mari asked for clarification and was advised that an appellant would have the choice of whether to file an appeal with the Planning Commission or with the Board.

Public portion of the hearing was closed and Board commenced with deliberations. (M)Parker, (S)Stewart, first reading was waived and an ordinance introduced amending the County appeals procedures/Ayes: Reilly, Balmain, Stewart, Parker; Excused: Pickard. Hearing was closed.

Discussion and Consideration of Giving Direction to County Counsel to Sign Off on an Amicus Brief for a Recent Court Ruling that Could Significantly Raise the Automobile Insurance Rates for the Citizens of Rural Communities (Supervisor Parker)

**BOARD ACTION:** Following discussion, (M)Parker, (S)Stewart, Res. 98-341 adopted giving direction to County Counsel to sign off on an Amicus Brief/Ayes: Reilly, Balmain, Stewart, Parker; Excused: Pickard.

Discussion and Possible Action Relative to the Purchase of Real Property Owned by Zeora
Wommack for the Purpose of a Parking Lot (Supervisor Parker)

Garry R. Parker, District IV Supervisor
Discussion and Possible Direction Relative to the Highway 140 Improvement Construction and Impact on the Economy in Response to Concerns Expressed by the Public

**BOARD ACTION:** Supervisor Parker advised that he scheduled this matter as a result of the numerous letters received from business people in the community expressing concerns over the Federal Government’s change in the construction project from a three-year to a two-year project without going through a public process to take comments on the change.

The following persons asked questions and/or provided input:
- A member of the audience asked how Small Business Assistance (SBA) loans could help and what kind of assistance could be provided.
- Jan Mennig/Chamber of Commerce Executive Director, advised of their research into the SBA assistance and advised that they are working to have a representative available at the Chamber office.
- Kathleen Pfeffer asked why they were not told of the change from a three-year construction project to a two-year construction project with changes in the access schedule – the contract was awarded on June 1st without talking with the businesses and the community.
- Supervisor Reilly advised that she had prepared a chronology of events, and she advised of the meeting she and Supervisor Parker attended with the Park Service earlier in the year.
Elaine Seymour asked what the Board did after it found out about the change in the schedule. She stated the businesses feel hurt and like no one is trying to help them; she asked what is coming from the Board to help them; and she noted that SBA loans have to be repaid.

A member of the audience stated he feels that this has all been decided for some time. He feels there has not been enough done and everyone should rally together to get some action taken as to why the Federal Government has this much power over the citizens and that the matter should be taken to court and stopped, or find people in local government to assist.

Meriam Costello stated she purchased her Christmas inventory based on the three-year construction project, and she would have purchased differently if she knew the schedule was going to change.

Donald Weston, Mariposa Museum and History Center, advised that their visitation has dropped by 10,000 people over the last ten years, and they are concerned with the decrease in revenue. They have been working to encourage buses to stop at the Rest Area and visit the History Center, and they have been working with the motels to encourage visitors to come by the History Center.

Ron Iudice stated he feels there are two options: 1) let them do this to us; and 2) fight. He stated he feels we should fight and throw a monkey wrench in their plans as they did not give us much regard in making this decision.

Dave Martella, speaking as a citizen, stated he feels the Park is showing that they do not need us, that we need them. He stated he was surprised that the Park did not have a representative present for this discussion. He stated the businesses and interested parties need to be protected and fought for – if there is legal recourse, he feels it should be pursued. He stated there is a philosophy in town that we are dying – it is an emotional coffin, and he feels something should be done.

A member of the audience asked what the Board was going to do to help them on this matter and he stated he would like to see this situation in the newspapers so that the citizens would know what is happening.

Dan Elsom, owner of a local deli, commented on a meeting he attended with Senator Monteith’s representative and when they asked if the Senator would be a little more public about the economic impacts on what is happening, they would told that it was not the Senator’s style. He stated he would like to see the Board take a different position – what is politically correct does not matter in his business. He stated there are a lot of people who are concerned and he feels the elected officials should be more concerned and vocal. He further stated that there should be other alternatives to be explored to get this project done.

Jean Harris, Sugar Pine Restaurant, stated she agrees with Dan, and stated she is tired of being kicked around by the Feds.

A member of the audience stated he feels that people can fight back by watching what is put in the paper; and he stated that when CNN is saying that Yosemite is going to be closed for two years, someone needs to meet with them.

Ron Wiley, Pizza Factory, stated he feels a position should be taken to fight this; and he challenged everyone in the community to allow more businesses to come to the community and contribute. He stated he feels we should move forward for the long-term and not be so dependent on the Park. He further noted that he does not see anything positive on the Bay area news.

Jerry Fischer noted that a meeting was held with the Park Service and a commitment was made and the community supported a three-year project. He feels the Park Service should be challenged for not following their promise to share information and for not keeping their commitment with the three-year schedule. He stated he does not know the best way to do this, but we need to assert that we are a player in the process.

 Herb Gloor commented on the meeting with the Park Service and their commitment, and he noted that the Park Service staff went back to Denver and ignored the commitment they made. He stated he feels the Park Service should be made to be accountable. He stated if the Highway could be left open until 9:00 a.m., it would make a big difference to the businesses, and the school schedule could be adjusted.
Marguerite Collins noted that some school schedules were adjusted. Nancy Strathearn, The Vault, stated accountability is a big issue, and she feels other issues will be forthcoming, and she referred to the establishment of World Horizon zones around national parks in the country. She stated she feels the citizens’ freedom and ability to do things will be diminished. She stated she feels this matter needs to be challenged, perhaps legally. The new schedule will not help businesses as people will come and go through town during their closed hours – a lunch access schedule would help to alleviate the impact. She also noted that delaying implementation of the access schedule until October 15th and having the Highway open during Easter week and President’s Day would help.

Supervisor Parker referred to the June 16, 1997, letter to Superintendent Albright relative to the Environmental Assessment as a result of the Board’s meeting of June 10, 1997, and the August, 1998, letter relative to the proposed access schedule which is being discussed today. He advised that the Board has not received a reply to the letter and it has been doing a great deal on this issue. He further referred to the meeting he and Supervisor Reilly attended with the Park Service in February, 1998, at which time the Park Service advised that they were not sure that they could meet the original agreement for the access schedule. The Park Service advised that this information was not for public release and was confidential as they were still in contract negotiations with the potential contractor for the project. Between the time of that meeting and until recently, there was not further correspondence.

Justine Kirchner, Mariposa Townhouse Bed and Breakfast, noted that during the flood disaster their revenue was down, but as long as they were able to maintain payment of their bills, they were not eligible for assistance. She stated she does not feel that the government is caring for our little community, and stated she feels we should have the government in court. Elaine Seymour stated she feels there is more that can be done. She stated she feels the question is ethics with regards to this matter – we need to ask ourselves if we want to step back and let this occur or do something about it.

Jim Dulcich, Coast-to-Coast, commented on the legal side and the possibility of losing the project; and he stated he feels the businesses will die if the Highway is closed. Supervisor Reilly commented on the County’s economic dependency on Yosemite, and referred to statistics relative to the transient occupancy tax.

Barry Brouillette, speaking as a private citizen, stated he feels the construction improvements will be done because the Park Service and we need it. The problem is the process that occurred and the breach of faith. He stated he feels it is time, based on principle, to stand up for our rights and to be treated on an equal basis – even if we lose in court.

Jim Dulcich noted that through his years of active work with the Chamber of Commerce that whenever they requested financial assistance, the County got behind them. With regards to the construction schedule, he stated he believes that a percentage of the work could be done in the summer during the night and that would have less of an impact. He was advised that the two-year schedule includes work during the night in the summer.

Elaine Seymour stated she feels that if this was the road to Tahoe, it would be fixed in no time, and she stated that she agrees with Barry Brouillette’s comments.

A member of the audience stated he feels the legal staff in the County should be contacted to see what can be done. He stated he feels that Mariposa needs to become a destination and that the downtown area needs to be cleaned-up.

Dan Elsom stated that collectively a lot of people share these concerns and they want the Board of Supervisors to do something. He asked whether there will be concerted effort on the part of the Board to do something.

Jim Dulcich stated that we need to be the squeaky wheel.

Don Weston, speaking as a citizen, advised that he is involved in many civic activities and he agrees with the need to develop economic development. He stated he feels we need to start looking at this and pull the community together to allow for development, and he noted that it does not have to be smokestack type development. He noted that there is a lot of volunteerism and giving in this community.
Dave Martella stated he does not feel that the Federal Government respects the Board and the citizens, and he feels that they have overplayed their hand. He stated he feels it is the Board’s responsibility to find a loophole.

Nancy Strathearn commented that the legal challenge could be used to put the brakes on the project and to get some concessions in the schedule. She feels that legally, the Park Service has done the wrong thing. She further stated that she feels that Congressman Radanovich could be of assistance in obtaining legal counsel for the County.

A member of the audience asked about the environmental review process, and was advised of the environmental assessment process used for this project.

Supervisor Parker asked the audience if it was agreed that the major concern is the way the Park Service handled this project with the absence of the public process, and the majority of the audience responded affirmatively.

Herb Gloor stated he feels the Park Service is forcing this schedule down their throats.

Dave Martella stated he feels the road is important and it is okay for now. He stated the Park Service has the dollars to do the project and he feels if should be pro-longed.

Supervisor Parker advised that if a legal course is pursued, there is a lot at risk – the schedule could be more restrictive. Jeff Green, County Counsel, advised that if action is taken forcing the Park Service to go through the environmental process, they will go through the process and there is no guarantee that the ultimate outcome of mitigation would be the same as what is on the table now. The Park Service could determine that there are environmental affects that cannot be mitigated.

Meriam Costello asked whether Yosemite Concession Services (YCS) has been contacted and what their feelings are. Supervisor Reilly advised that a representative of the YCS employees was in attendance at the meetings and is working on the issues.

Burney Stephens asked if there is any indication of what could be worse. Supervisor Parker advised that the project could be lost altogether, but he does not feel that this will happen due to the infrastructure and sewer lines that need to be improved; a different project could be approved that does not fit the long-term needs; or they could close the Highway to fix it.

Ron Iudice asked if the option of opening Foresta Road has been explored. Supervisor Reilly advised of the Board’s tour of the Road and its condition.

Barry Brouillette commented on the negotiation process, and noted that this access schedule is a seven million-dollar issue. He advised that he heard it could cost two million dollars to demobilize the contractor.

Justine Kirchner stated the Board’s negotiations have not worked and asked what can be done when no one listens.

Discussion was held by the Board relative to filing for injunctive relief.

Ron Iudice noted that time is of the essence.

Jim Dulcich asked if the Park Service gets away with this, where will it stop? He noted that the friendly manner has not worked.

Neil Stonum, Chamber of Commerce, noted that they and the Economic Development Corporation are supportive of the Board taking action to file for injunctive relief.

Following discussion, (M)Parker, (S)Balmain, Res. 98-344 adopted:

1) giving direction to County Counsel to seek outside legal assistance to file injunctive relief due to the Park Service’s change in the Highway 140 improvement construction access schedule;

2) in the interim, direction was given for Supervisors Parker and Reilly, County Administrative Officer, and County Counsel to meet with the Park Service to request implementation of the original access schedule;

3) authorization was given for staff to solicit one or more private businesses to be named as plaintiff(s) in the lawsuit, if necessary; and

4) legal costs to be addressed during the Final Budget hearings/

Ayes: Balmain, Stewart, Parker; Noes: Reilly; Excused: Pickard.
(M)Parker, (S)Balmain, direction was given for a member of the Planning staff to be designated to work with the Board liaison committee on Park issues and report to the Board on any issues that are raised during committee meetings/Ayes: Reilly, Balmain, Stewart, Parker; Excused: Pickard.

3:58 p.m. Recess

4:15 p.m. Following discussion, Board concurred with the appointment of the County Administrative Officer as spokesperson for any press releases or requests for information.

Garry R. Parker, District IV Supervisor and Bob Pickard, District V Supervisor;
Recommendation to Preserve the California State Mining and Mineral Museum in Mariposa County

BOARD ACTION: Discussion was held.
(M)Stewart, (S)Parker, Res. 98-345 adopted approving the Committee recommendations as follows:
1. Approve a resolution wherein the Board of Supervisors will support the preservation of the Museum in Mariposa County to be housed in a building which will be constructed at the intersections of Highways 49 North and 140 at no expense to the State;
2. Approve the preparation of a consulting agreement, to be brought back to the Board for approval, with Ed Hardy as outlined in Mr. Hardy’s letter, in the amount of $30,000;
3. Approve the preparation of an agreement, to be brought back to the Board for approval, with a foundation specialist in the amount of $30,000 for the purpose of legally forming a foundation and paying for the services of the specialist to solicit funds for the foundation;
4. Provide authorization to the Committee and staff to negotiate a proposed agreement with the Gloors relative to the site for the Museum, contingent upon securing a Community Development Block Grant (CDBG);
5. Direct the Committee to request that the Department of Conservation place a member of the Mariposa County Board of Supervisors on the Department of Conservation’s Museum Advisory Board;
6. Direct Planning Department staff to place the CDBG grant application for the Museum as a priority, and further direct Planning Department staff to meet with the Committee regarding the proposed application for CDBG funding; and
7. Funding sources to be determined during the Final Budget hearings/
Ayes: Reilly, Balmain, Stewart, Parker; Excused: Pickard.

Ed Hardy thanked the Board for their support.
(M)Stewart, (S)Parker, Res. 98-346 adopted supporting the preservation of the Museum in Mariposa County to be housed in a building which will be constructed at the intersections of Highways 49 North and 140 at no expense to the State/
Ayes: Reilly, Balmain, Stewart, Parker; Excused: Pickard.

Supervisor Parker requested that the Visitors’ Bureau Director prepare a press release for this matter. Supervisor Stewart suggested that a letter be sent to Jim DeLucia thanking him for his efforts with the signature petition drive to retain the Museum – Board concurred with sending a letter from the Chair. Discussion was held relative to the process for appointment of a Board member to the Advisory Committee. Jeff Green, County Counsel, said this request could be included in a cover letter forwarding the Resolutions to the State. Joan Gloor stated she would like to be considered for membership on the Advisory Committee for the State. Ed Hardy commented on the Advisory Committee and its role.
Steve Hayes, Visitors Bureau Director;

Pledge of Allegiance

Public Presentations: For Non-Timed Agenda Items and for Items Not on the Agenda
- Phillip King-Woolsey, 4-H member, brought in the goose that the Board members and staff purchased at the Junior Livestock Auction during the County Fair. It was noted that a pond had been located for the goose.
- Chair Reilly announced that the Board of Supervisors won the apple-peeling contest against the Fair Board members over the weekend.
- Supervisor Stewart advised that he and Janet Hogan, County Administrative Officer, flew in a helicopter over the Chowchilla River Canyon area with CDF to check for lightening strikes in the area, and he passed around aerial photographs.

Chair Reilly advised of items that were added to the agenda for a closed session regarding conference with legal counsel relative to anticipated litigation with significant exposure to litigation; and discussion and possible direction relative to the Highway 140 improvement project and impact on the economy in response to concerns expressed by the public.

PUBLIC HEARING on Final Budget for Fiscal Year 1998/99

BOARD ACTION: Hearing was opened and continued to after the following items.

9:14 a.m. Closed Session Regarding Conference with Legal Counsel Relative to Anticipated Litigation with Significant Exposure to Litigation Pursuant to Subdivision (b) of Government Code Section 54956.9 (County Counsel) (Continued from 9/1/98)
BOARD ACTION: (M)Parker, (S)Stewart, closed session was held/Ayes: Unanimous.

10:50 a.m. Recess and Lunch

12:37 p.m. Board reconvened in continued closed session.

1:00 p.m. Board reconvened in open session. Janet Hogan, County Administrative Officer, reviewed the press release outlining the action taken by the Board in closed session to determine to continue to pursue formal legal action against the National Park Service to protest the process used to develop an access schedule for the upcoming road improvements to Highway 140 within Yosemite National Park. This action was taken after receiving a report from Supervisors Reilly and Parker about a meeting held with the Park Service personnel on September 3, 1998.

Garry R. Parker, District IV Supervisor;
Discussion and Possible Direction Relative to the Highway 140 Improvement Construction and Impact on the Economy in Response to Concerns Expressed by the Public (Continued from 9/1/98)
BOARD ACTION: No action was taken as direction was given as a result of the closed session.

1:04 p.m. Recess
PUBLIC HEARING on Final Budget for Fiscal Year 1998/99

BOARD ACTION: Janet Hogan, County Administrative Officer, presented the staff report and gave an overview of the budget and the hearing process. Ken Hawkins/Auditor, and Chris Ebie/Assistant Auditor, were present.

Public comment: none.

The following budgets were reviewed:

Assessor/Recorder – Discussion was held with Gary Estep/Assessor-Recorder relative to request for using salary savings to purchase two personal computers and Vital Records Trust funds for one personal computer. Board concurred with recommendation to fund the purchase of two personal computers in the amount of $5,000 and return the balance of the salary and benefit savings ($5,385) to the General Fund, and with the purchase of one computer from the Vital Records Trust.

Steve Hayes, Visitors’ Bureau Director;
Workshop Regarding Visitors’ Bureau Plan for Promotional Activities for Fiscal Year 1998-99 (Continued from 9/1/98)

BOARD ACTION: Steve Hayes gave a presentation on their plan for promotional activities; reviewed the flood recovery related advertising; and advised that he filled his office staff position. Janet Hogan, County Administrative Officer, advised that $60,000 needs to be considered for Mining and Mineral Museum consultants. He reviewed the California Travel Ideas map advertising, the “YES” – Yosemite Extra Savings program, FAM tours advertising, events and festival promotions, request for additional funding for the Web site advertising, Mariposa Beautiful Campaign, and magazine and television advertising. Ed Hardy commended Steve on the success of his program in comparison with others he has observed.

2:31 p.m. Recess

2:48 p.m. Board continued with review of the following budgets:

Visitors’ Bureau – Discussion was held with Steve Hayes, Visitors’ Bureau Director, relative to requested changes and increases in the budget. He advised that Peggy Kukulus, Yosemite Visitors’ Bureau Director, was present.

Discussion was held relative to request to organize a Yosemite Regional Marketing Organization with other interested counties – Board concurred with continuing matter for further review at a later time. Board concurred: 1) with budgeting $90,000 for professional services, with $60,000 designated for the Mining and Mineral Museum ($30,000 for contract with consultant and $30,000 for contract for establishment of a foundation); 2) with not funding the requested increase for the State Fair and State Capitol exhibit – these items can be handled from the promotional budget; 3) with funding the requested $2,318 for the Chamber of Commerce contract (resulting in an overall reduction in this budget item); 4) with additional information to be brought back relative to the promotional activities budget; 5) with reducing $17,698 to the promotional account transferring the appropriation to the Interfund Transfers to allow the previous Visitors’ Bureau Fund 305 to be closed; and 6) with keeping the training and seminars budget at last year’s amount ($6,500).

Discussion was held relative to the status of the Film Commission. Jan Mennig/Chamber of Commerce Executive Director, and Joan Coolidge/Chamber of Commerce Executive Assistant, provided input relative to the Chamber’s past efforts with the Film Commission and advised that they felt it could provide revenue to the County.

Neil Stonum/Chamber of Commerce President, noted that the Chamber does a number of things that are complimentary to what the Visitors’ Bureau does. He stated he felt it would be premature at this point for the Chamber to lose the contract for visitors’ bureau services. Steve Hayes advised that this suggested action was raised by the Chamber awhile back; and stated he
feels the Chamber is doing a great job. However, he noted that if the staff were under the Visitors’ Bureau, they could do visitors’ bureau tasks versus Chamber tasks when they were not busy with visitors’ bureau activities. Board concurred with further discussing this issue at another time.

Supervisor Pickard initiated discussion relative to establishing a fund to provide seed money to the Chamber for assisting events to become self-supporting – to be further considered with review of promotional budget.

Neil Stonum further commented on the Chamber’s contract and their reliance on the revenue to do projects.

Supervisor Stewart requested that something be brought back relative to plans for the Sesquicentennial event.

Further discussion of the promotional budget to be held later in the hearing.

**Arts Council** – Discussion was held with Cathy Collier/Executive Director, relative to request for additional funding for staff hours. Supervisor Parker asked that one-time funding requests be tracked so that they do not become part of the baseline budget. Board concurred with further considering this request as a part of the promotional budget for Visitors’ Bureau.

Consent Budgets:

**Elections** – re-budget software and grant money from FY 1997-98.

**Grand Jury** – Discussion was held relative to request for a laptop computer and printer. Dennis Patrick, Technical Services Director, responded to question from the Board and advised that he was not aware of any computers or laptops that were available for use. Board members suggested the request be further reviewed.

**Human Services/Mental Health** – reduced maintenance of effort requirement.

**Library** – funding for Internet and E-mail services previously funded by a grant.

(M)Balmain, (S)Pickard, the changes in the consent agenda items were approved as recommended/Ayes: Unanimous.

Supervisor Parker initiated discussion relative to restoring the General Fund General Reserve to four million dollars – request to be further considered later in the hearing.

The rest of the budgets scheduled for review on this date were continued to September 9, 1998.

**General Purpose Revenue** – Discussion was held. Supervisor Pickard asked about the status of reimbursements for the court-automation costs – County Administrative Officer to further review with the Auditor. Board concurred with the recommended changes.

**4:48 p.m.** Board recessed and continued the hearing and the meeting to September 9, 1998, at 9:00 a.m.

Respectfully submitted,

MARGIE WILLIAMS
Clerk of the Board
MARIPOSA COUNTY BOARD OF SUPERVISORS

CONFORMED AGENDA
SEPTEMBER 9, 1998 (Meeting continued from 9/8/98)

Time Description
9:11 a.m. Meeting Called to Order (Continued meeting from 9/8/98)

Continued Public Hearing on Final Budget for Fiscal Year 1998/99 (Continued from 9/8/98)

Public Comment:
Supervisor Stewart requested that a letter be sent to Glenn Sutherland thanking him for his efforts with retaining the Mining and Mineral Museum in the County. He also commented on a suggestion for a fountain for the Government Center.

Janet Hogan, County Administrative Officer, gave a recap of the budget changes made on September 8, 1998, and changes since the adoption of the proposed budget. Ken Hawkins/Auditor, and Chris Ebie/Assistant Auditor, were present.

The following budgets were reviewed:

**Planning/Building** – Discussion was held with Ed Johnson/Planning and Building Director, relative to the requested changes. Discussion was held relative to funding the CalWORKs job creation plan development and allocating funding for contracting with Economic Development Corporation (EDC) to prepare the plan. Board concurred with moving funding from the staff line item to the contract line item. Planning Director to initiate contract amendments. Board concurred with funding requests for extra help for file purging and for professional services for computer automation as recommended by County Administrative Officer. Respectfully submitted,

MARGIE WILLIAMS
Clerk of the Board
MARIPOSA COUNTY BOARD OF SUPERVISORS

CONFORMED AGENDA
SEPTEMBER 11, 1998 (Meeting continued from 9/10/98)

Time Description
9:03 a.m. Meeting Called to Order (Continued meeting from 9/10/98)

Continued Public Hearing on Final Budget for Fiscal Year 1998/99 (Continued from 9/10/98)

Ken Hawkins/Auditor, and Chris Ebie/Assistant Auditor, were present.

Public Comment:
- Supervisor Reilly advised of a FAX that Planning staff received from Mark Butler/Yosemite National Park, relative to the Housing Plan for the Park. She will schedule discussion relative to this matter on a future agenda.
- Supervisor Balmain requested that in regard to the department head salary equity adjustments, that the Treasurer/Tax Collector/County Clerk be included in the evaluation. Discussion was held relative to reviewing other positions. Janet Hogan/County Administrative Officer, advised that she could work with County Counsel to prepare something for the Board to discuss on a future agenda – Board concurred.
- Supervisor Balmain initiated discussion relative to the construction project at the Airport. Mike Edwards/Public Works Director, and Marty Allan/PWD-Fleet-Fiscal Manager, provided input relative to the project and the request for a change order to include additional fill at the end of runway number 26. Discussion was held relative to requirements for a displaced threshold and plans to construct an extension to the runway in the next grant phase. Mike Edwards advised that the cost for the change order would be about $35,000, and it would result in another week of closure of the Airport. Discussion was held relative to requesting grant funding from the State which would require a ten percent match from the County. Board concurred with funding $3,500 for a County match.

Janet Hogan gave a status report on the budget on the budget changes thus far.

The following budgets were reviewed:

**Interfund Transactions** – Discussion was held. Board concurred with reduction in Airport Fuel System of $2,555; increase in contribution to the Law Library of $873; increase in contribution to Mariposa Parking of $1,029; and funding matching funds for bus stop improvements of $8,500. Mike Edwards and Marty Allan provided input relative to the requested funding for Airport improvements – Board concurred with funding $32,000 and $17,000 for hazmat cleanup. Board concurred with funding $100,000 for the Lake Don Pedro wastewater treatment project, as a loan; and with funding $236,170 for the new Government Center loan payment and contribution to reserve.

**Board of Supervisors** – Board concurred with funding $360 for NACO membership; $4,800 for recording equipment; and with reducing benefits by $6,571.
**County Counsel/Liability Reserve** – Board concurred with funding $20,000 for potential litigation relative to the Highway 140 improvement project from the Liability Reserve.

**10:08 a.m.** Recess

**10:23 a.m. Zone of Benefit Revolving Loan Fund** – Discussion was held with Mike Edwards and Marty Allan relative to the request for a revolving loan fund to fund private road improvements with the formation of a zone of benefit, and funding sources and amounts. Marty Allan advised that there are policy issues to be resolved before the program can be implemented, and that they will be brought back to the Board. Ken Hawkins asked about recovery of the up-front costs if a zone of benefit is not formed. It was agreed that a policy could be established to require a percentage of the property owners to be in support of formation of a zone of benefit before any costs are incurred. Board concurred with establishing the revolving loan fund in the amount of one million dollars and with moving forward in concept with the program – funding to be taken from the General Reserve. Supervisors Balmain and Parker (Board subcommittee) stated they would like to work closely on the establishment of the program.

**Training and Seminars** – Discussion was held relative to restoring the additional funding recommended for training and seminars in the various budgets. Board concurred with the recommended changes. Discussion was held relative to budgeting for these requests for the next budget – County Administrative Officer to put together a separate item for review for next year’s budgeting purposes.

**Fish and Game** – Discussion was held relative to the request received from the Fish and Game Association for funding for quail habitat and night vision binoculars. Motion by Pickard to approve the request for funding, died for lack of a second. (M)Parker, (S)Stewart, to approving the request for funding for the binoculars, failed by the following vote – Ayes: Stewart, Parker; Noes: Reilly, Balmain, Pickard. Board asked that Fish and Game Commission present requests at a regular Board meeting.

**Personnel** – Discussion was held relative to the request for funding for countywide training in customer service – Board concurred with the request.

**Insurance** – Following discussion, Board concurred with the recommended changes.

Board concurred with funding $55,761 for the salary adjustments approved for the department heads. Discussion was held relative to reviewing the salary for the Planning/Building Director, with the transfer of responsibilities – Board concurred with further reviewing this matter with the completion of the new Government Center and the implementation of the permit streamlining process.

**11:49 a.m.** Lunch

**1:37 p.m.** Janet Hogan advised that she drafted a letter to the Yosemite Park Superintendent relative to the draft Housing Plan, and she left a copy for each Board member.

Board concurred with authorizing Auditor to make minor adjustments to balance the various funds, as necessary.

Supervisor Balmain initiated discussion relative to the Airport construction project and the change order, and advised that Public Works has not heard back from the State as to
whether grant funds will be available. Board concurred with setting aside a total of $35,000 to cover the costs for the change order portion of the project in case funding is not available from the State.

Board concurred with reducing the General Fund Contingency to balance the budget – General Fund Contingency to be funded at $121,040 (later calculated to be $124,540). Janet Hogan advised that the General Reserve is $2,929,983, and initiated discussion relative to placing a portion of that amount in a designation for economic uncertainties – Board concurred with not creating a separate fund.

Janet Hogan and Board members thanked Ken Hawkins, Chris Ebie and Mary Hodson/Administration-Executive Secretary, for their efforts with the budget process.

Board concurred with reviewing the old outstanding loans from the General Fund to Capital Improvement Projects on a future agenda.

Hearing was closed.

CONFORMED AGENDA
SEPTEMBER 22, 1998

Time Description
9:08 a.m. Meeting Called to Order
Pledge of Allegiance

Public Presentations: For Non-Timed Agenda Items and for Items Not on the Agenda – None.

Approval of Minutes of 8/18/98 Regular Meeting and 8/21/98 (Continued from 8/18/98)
BOARD ACTION: Approved.

Approval of Consent Agenda (See End of Minutes)
BOARD ACTION: (M)Pickard, (S)Stewart, all items were approved/Ayes: Unanimous.

Bob Pickard, District V Supervisor;
Discussion and Possible Direction Relative to Tree Removal on Leonard Road
BOARD ACTION: Supervisor Pickard reviewed the history and situation in regard to the pine tree in question. Discussion was held with Mike Edwards/Public Works Director, and Bob Johnson/PWD-Deputy Director for Roads, relative to their recommendation for removal of the tree and options.

Input from the public was provided by the following:
Brandon Roberts stated he does not feel that anyone has hit the tree and it is growing straight; and he noted that the road will still be narrow even if the tree is removed.
Erv Schmelter stated he has lived in the area for fifteen years and about five years ago the tree issue was raised – he feels this tree is a hazard and he noted that the school bus travels Leonard Road.
Cliff Seymour, property owner across the road from the tree, stated he feels it would be better to remove the oak tree on his side of the road as it is old and falling apart. He advised that two years ago, someone from the Road Division asked permission to remove the oak and he agreed, but they never came back.
Brandon Roberts stated he feels the pine tree is over 100-years old and he does not feel that it will grow much larger.
Erv Schmelter asked Mr. Seymour if he is willing to donate land to the County for an easement and removal of the oak tree. Mr. Seymour responded affirmatively.
Donald Norquist stated he feels this matter should be tabled for sixty days to work out the discrepancies.
Mike Edwards explained the road realignment that would be necessary if the oak tree was removed and the pine tree remained.
Jim Hackman said he felt that removal of the pine tree would be like mercy killing and asked where the line would be drawn. He also stated he did not understand the need to realign the road to keep the pine tree.
Cliff Seymour advised of a problem with erosion around the culvert area near the pine tree, and stated he felt that if the oak tree was removed and that edge of the road repaired, it would be sufficient.
Mike Edwards advised that the culvert area is scheduled for repair. (M)Pickard, (S)Stewart, Board concurred with Public Works’ recommendation to remove the pine tree.
Jim Hackman advised that during the fire emergency two years ago, the equipment did not have a problem.
Further discussion was held by the Board relative to the options, costs and liability issues.
Ayes: Reilly, Stewart, Pickard; Noes: Parker; Abstained: Balmain.
9:59 a.m. Recess

10:16 a.m. Ed Johnson, Planning and Building Director; Discussion and Direction on the Following Regarding the Yosemite Area Regional Transportation Strategy (YARTS):
- YARTS Demonstration Project Bus Stop Locations
- YARTS Joint Powers Agreement
- YARTS Intercept Parking Areas

**BOARD ACTION:** Supervisor Reilly advised that this matter was scheduled so that input could be provided relative to the issues prior to the next scheduled YARTS Management Board meeting on October 5, 1998. Supervisor Balmain advised that he invited citizens from the Highway 132 Merchants Association to provide input relative to their concerns that bus stops have not been included on Highway 132. Ed Johnson provided an update on YARTS activities, and advised that he will attend the YARTS Technical Committee meeting next Monday relative to these issues.

Ed Johnson and Jay Pawlek/Senior Planner, reviewed the proposed bus stop location information, and responded to questions. Discussion was held relative to the proposed demonstration project; timing of the project with the construction improvements on Highway 140; whether tourists would use the bus system if they had to transfer buses with their carry-on items; visibility from the bus windows; and integrating the tour buses into the system. Discussion was held relative to the need for participation by all parties and the National Park Service in order for the system to be successful. Ed Johnson reported on the responses received from the vendor conference from various bus companies relative to the proposed system.

Input from the public was provided by the following:

Barry Brouillette stated he shares the concerns expressed and noted that he has been involved in this project for five years. He stated he feels the demonstration project is out of phase – it was to be set up to pay its own way and it needs to be subsidized and that issue has not been addressed. He stated he would like to see this work. He further noted that only reason bus stops are being discussed is because there is funding available at this time for that portion of the project. He stated he agrees with holding up the demonstration project until we know what we are going to demonstrate.

Erik Bruun stated he feels the bottom line is day-use versus reservation and long-term uses. He stated he sees a problem with families trying to transfer buses with all of their items. He commented on the emissions from buses versus vehicles and the efficiency of scale – how many passengers will it take per bus to make the bus system work. He expressed concern with the inconvenience of a bus system; air quality issues; transportation hazards with buses; and he stated he opposes adding any more buses.

Frank Shannon, business owner in Coulterville, stated he was representing merchants and citizens and was speaking as Chair of the Highway 132 Merchants Association. He expressed several concerns: asked why Highway 132 was not included in this program; stated he feels that if this project is on a volunteer basis, that it is set up for failure; if it is mandatory, people would use the buses and tourism may drop some; stated that all of their traffic would use another route if a stop is not included for Coulterville; and he stated he feels that Highway 132 is one of the easiest driving routes to the Park. He stated he would like to see the Board condition its participation in the program on Highway 132 being included.

Further discussion was continued for the following hearing to be opened.

11:06 a.m. Public hearing to consider the Industrial/Commercial Zone Code Revisions (General Plan/Zoning Amendment No. 97-1) was opened and continued to after the following item.

Supervisor Balmain read a letter into the record from Elvie Bullis requesting that the proposal for bus stops include Coulterville and J-132. Supervisor Reilly commented on the need for
ridership to support a system and suggested that ways to connect to the other corridors be investigated, and noted that Highway 49 needs to be built into the system.

Frank Shannon stated he understands that Coulterville does not have the volume for a stop in the first phase on a voluntary basis; but if the system becomes mandatory, they want to be included.

John Miller stated he worked in the Park and their aim is for zero cars and gas burning buses or vehicles in the Park – he feels they will eventually close the Park to all vehicles.

Further discussion was held by the Board relative to developing the loop concept for visiting the Park. Supervisor Reilly advised of a letter received from Kay Pitts requesting that Yosemite West be considered for a bus stop.

Barry Brouillette stated this is a complex issue and we need to stay with the idea that that we can resolve the issues; however, as a matter of policy, we should not let the YARTS project get ahead of the Park Service. There should be contracts on a step-by-step basis. He further stated that he does not feel that the demonstration project should be pursued at this time.

Board agreed that the demonstration project should not be pursued at this time, and that in order for the project to be successful in the future, all parties will need to participate.

11:23 a.m. Recess

11:36 a.m. Ed Johnson, Planning and Building Director;  
PUBLIC HEARING to Consider the Industrial/Commercial Zone Code Revisions (General Plan/Zoning Amendment No. 97-1)  
BOARD ACTION: Ed Johnson requested authorization to send the revisions to the environmental attorneys for review in regard to the environmental determinations proposed for the document, and recommended that in the interim the document be available for public review. Discussion was held relative to holding workshops and scheduling the public hearing process. Board concurred with continuing the hearing for staff to give a presentation on the changes and to provide information on the document, and then to continue with the formal hearing process. Board concurred with sending the document to the attorneys for review. Public hearing was continued to October 20, 1998, at 6:00 p.m. at the Best Western Conference Room. Jeff Green, County Counsel, requested that staff publish the continued hearing in the newspapers.

Janet Hogan, County Administrative Officer;  
Consideration of Response to Draft Analysis of Impacts on Local Economies for the Proposed Yosemite Valley Housing Plan  
BOARD ACTION: Supervisor Reilly advised that the Park planners have been working with our staff on comments for the Housing Plan, and they have asked for comments from various departments on specific areas. Ed Johnson, Planning and Building Director, provided input. Discussion was held relative to being able to respond to the draft analysis without having the benefit of being able to review the entire document, and it was noted that the County’s previous comments were not addressed. Board concurred with Planning staff preparing a response to the Park’s planning staff and for the Chair to request a meeting with the Park Service on this matter.

Resolution Adopting the Fiscal Year 1998-99 Final Budget (County Administrative Officer)  
BOARD ACTION: (M)Parker, (S)Pickard, Res. 98-360 adopted/Ayes: Unanimous.

Supervisor Parker asked about the status of the County’s investments with regards to the recent changes in the Stock Market. Janet Hogan, County Administrative Officer, advised that the bi-annual presentation from Seidner is scheduled for next month.

Resolution Approving the Response of the Board of Supervisors to the 1997-98 Mariposa County Grand Jury Report and Direct the County Administrative Officer to Transmit the Response to the Judge of the Superior Court (County Administrative Officer)
BOARD ACTION: Discussion was held and Supervisor Parker asked about the letter Board members received to meet with the Grand Jury. Robert Pingleton, Grand Jury Foreman, and members of the Grand Jury were present, and they advised that the meeting was to see what the goals of each member are for their district and to learn more about what the Supervisors do. Discussion was held relative to the response to the Report. (M)Parker, (S)Stewart, Res. 98-361 adopted approving the response/Ayes: Unanimous.

Resolution Authorizing Chair to Execute a Cooperative Agreement with the Mariposa County Arts Council and the Mariposa Rotary Club for the Stage Project at the Mariposa Park (County Counsel)

BOARD ACTION: Jeff Green, County Counsel, advised that there are still some issues to be resolved and advised that he will reschedule the matter.

Resolution Approving Revised Designation of Specific Employee Positions as Management and Confidential Employees (County Counsel/Personnel)

BOARD ACTION: Following discussion, (M)Pickard, (S)Parker, Res. 98-362 adopted/Ayes: Unanimous.

Resolution Approving New Memorandum of Understanding Between Mariposa County and the Mariposa County Managerial/Confidential Organization, a Chapter of AFSCME, Local 2703 (County Counsel)

BOARD ACTION: Following discussion, (M)Pickard, (S)Parker, Res. 98-363 adopted/Ayes: Unanimous.

Waive Second Reading and Adopt Ordinance Approving the Proposed Changes to Chapter 17.136 (Appeals) of County Code and Adopt Resolution Approving Proposed Changes to the Mariposa County Appeals Procedure Information Sheet and Direct Staff to File a Notice of Exemption on the Project (Planning) (Continued from 9/15/98)

BOARD ACTION: (M)Parker, (S)Balmain, Ord. No. 937 and Res. 98-364 adopted/Ayes: Balmain, Stewart, Parker; Noes: Reilly, Pickard.

Board Information and Announcements
- Supervisor Reilly advised that she received a call from Tom Efird/Sierra National Forest. He stated the reorganization plan for the Sierra National Forest has gone into effect, and effective October 5, 1998, the business office will move to North Fork and he will be the Ranger-in-Charge. He advised of the Sierra/Nevada Conservation Framework – this matter is scheduled on the Board’s agenda for October 6, 1998, and workshops are scheduled in Sonora and Clovis.
- Supervisor Balmain advised that he attended the Bio-Diversity Council joint meeting with RCRC and they discussed timber, water, planning and environmental issues.
- Supervisor Pickard advised that he attended the RCRC meeting and received a gift basket in the raffle; and he thanked staff and everyone who contributed items for putting together the gift basket from Mariposa.
- Supervisor Stewart advised that he attended the RCRC meeting and workshops on water issues.
