B) Resolution Accepting an Existing Bridge and an Unnamed Easement Between Joe Howard Street and Antone Road and Direct the Public Works Director to Record the Resolution upon its Approval

**BOARD ACTION:** Discussion was held with Jim Petropulos.

Input from the public was provided by the following:
Nadean Peterson stated they planted trees and placed boulders in their yard to plan for this bridge. During her husband’s illness and subsequent death, and her own illness, she lost contact with the plans for the bridge. Then last March or April she received a letter relative to assessing the value of improvements for the bridge, and she became concerned with liability issues. She stated Mr. Greenamyer has an easement over her property where the bridge was constructed – she supports the bridge, but feels she has lost a portion of her property without being compensated. She would like to be released of any obligation for the bridge. She expressed frustration with her dealings with the County.

Discussion was held relative to the issues raised. Supervisor Stewart advised of his research on this matter and the right-of-way issues. Jeff Green, County Counsel, advised of his opinion that was given on the matter – if the bridge is taken into the County system, it will resolve the tax assessment issue. He advised of his discussion with Nadean Peterson relative to the liability issue – she owns the underlying fee title to the property where the bridge is located and the County will hold her harmless when the bridge is taken into the County system; however, nothing precludes her from being named in a suit in this situation. If she grants fee title to the County, her name would be removed from the record. Jerry Freeman/PWD-Surveyor, provided input relative to the easement and location of the bridge. Discussion was held relative to potential flood issues.

Rachel Oliver noted that in the fifteen years she has lived in the area, she has never seen the water rise to the level of Antone Road.

(M)Stewart, (S)Balmain, Res. 00-446 adopted accepting an existing bridge and an unnamed easement between Joe Howard Street and Antone Road and directing the Public Works Director to record the Resolution. Supervisor Parker initiated discussion relative to trying to resolve the issues with Nadean Peterson. Jeff Green provided input relative to the process to obtain fee title, and he suggested that perhaps Supervisor Stewart could discuss this with her. Ayes: Unanimous.

Mary Hodson, Administration;

PUBLIC HEARING to Authorize the Chairman of the Board of Supervisors to Sign a Resolution Approving the Execution and Delivery of a Joint Exercise of Powers Agreement and a Resolution Approving the Execution and Delivery of a Purchase and Sale Agreement, a Trust Agreement, an Escrow Agreement and Related Documents with Respect to the Sale of the County’s Tobacco Settlement Revenues, once the Agreements have been Finalized and Reviewed by County Counsel (Continued from 12/12/00 Meeting)

BOARD ACTION: Mary Hodson advised that the timelines have been extended as the attorneys have not reached a settlement on the Master Agreement, and this hearing could be continued to January, 2001. Mary Hodson and Ken Hawkins, Auditor, responded to questions from the Board relative to the security of the investment; use of the Delaware laws; relative to a substantial reduction in the projected payment; and relative to the status of participation of the other counties. Jeff Green, County Counsel, advised of his conversation with the attorney for the bond counsel relative to his questions on this matter.

Public portion of the hearing was opened. There was no input. Public portion was closed, and the hearing was continued to January 23, 2001, at 10:00 a.m.

The items to revise the employee allocation schedule for the Human Services Department and to appropriate funding from the California Department of Mental Health were continued to January 9, 2001.

Discussion and Direction Relative to Scheduling the First Part of the January 9, 2001 meeting in Catheys Valley at the Old School House (Supervisor Stewart)

BOARD ACTION: Supervisor Stewart initiated discussion relative to the schedule for the January 9th meeting. Supervisor Parker advised of his discussion with Judge-elect Walton and his preference to hold the swearing-in ceremony in the Courthouse so that there would be adequate space. It was suggested that the Board meet in Catheys Valley at another time. The Board concurred with holding the ceremony in the Courthouse.

Chairman Parker advised of an off-agenda request from the Chamber of Commerce for resolutions for their President and for their selection of businessman and businesswoman of the year. (M)Pickard, (S)Stewart, Board waived rules requiring 72 hours agenda noticing to consider this request, finding it was not known about at the time the agenda was prepared and a special event to recognize these individuals is scheduled prior to the next Board meeting/Ayes: Unanimous. (M)Stewart, (S)Pickard, Res. 00-447 adopted recognizing Roberto Perez for his services as President of the Chamber of Commerce; Res. 00-448 adopted recognizing Miriam Costello as businesswoman; and Res. 00-449 adopted recognizing Dieter Dubberke as businessman/Ayes: Unanimous. Chairman Parker asked that the Clerk convey to the Chamber the timeframes for processing these types of matters in the future.

Supervisor Pickard advised of an off-agenda request to send a letter to the National Park Service relative to the Final Yosemite Valley Plan Supplemental Environmental Impact Statement. Supervisor Pickard requested that the letter be similar to the one sent for the Merced River Plan requesting a collaborative planning process on issues that impact the County. (M)Pickard, (S)Stewart, Board waived rules requiring 72 hours agenda noticing to consider this request, finding it is a matter of timeliness as the Record of Decision is scheduled to be signed prior to the next Board meeting/Ayes: Unanimous. Discussion was held relative to the request. Supervisor Parker suggested that Supervisor Pickard prepare the letter and circulate it to the Board members for comment, with the County Administrative Officer’s assistance. (M)Pickard, (S)Reilly, Board approved sending a letter to the National Park Service as requested/Ayes: Unanimous.

3:42 p.m. Board reconvened in closed session.

5:27 p.m. Board reconvened in open session. Chairman Parker announced that as a result of the closed session matters: direction was given to the labor negotiator, no action was taken relative to public employee performance evaluation for County Counsel, and direction was given to staff relative to public employee performance evaluation for Human Services Director.
