NOTICE OF WATER SERVICE DISRUPTION

April 19, 2023

Dear Resident/Owner/Renter,

Due to a waterline break within Yosemite West, water will not be available after 4/20/23. You will have no water service to your property. The County is performing emergency repairs. We are making every effort to expedite this work to minimize the length of time water will be shut down. **All short-term renters are requested to cancel their reservations between Thursday, April 20th through Tuesday, April 25th.**

Water service is expected to resume on Tuesday, 4/25/23. You will be notified again early next week if the County is unable to meet this schedule. The water system will be losing pressure, and there is a risk of bacterial contamination. After the water is restored next week, a Boil Notice will remain in effect until lifted by the State. There may be discoloration to your water. It is recommended you run your cold water until clear.

If you have any special water needs or concerns, please contact John Luthey, Utilities Manager, at (209) 966-5356 for assistance.

Thank you in advance for your patience and understanding during this emergency repair.

Sincerely,

A handwritten signature in blue ink, appearing to read "Shannon Hansen", with a long horizontal line extending to the right.

Shannon Hansen
Director of Public Works and Transportation
